MESSAGE FROM THE CHAIRMAN & CEO

As we introduce our inaugural Corporate Responsibility Report, I am excited to share some of the initiatives across our organization while also setting a starting point with which we can objectively measure progress against certain goals in coming years. We believe strong governance, environmental stewardship and perhaps most importantly, a culture of integrity, diversity and high performance, are foundational pillars to the growth of our Company.

At Black Diamond, we say We.

And, some may wonder why this is.

Our philosophy has always been that no matter what we accomplish as a Company it is because of the efforts of our collective team. It is not one person, but rather a network of team members supporting one another to achieve their goals and the goals of the organization.

I believe a company is a group of people working in concert. It is also an entity in its own right, an organic being which is ever growing and changing. Our Company connects us with past efforts and future achievements. With this in mind, I always capitalize Company when referring to ours. It’s a sign of respect for the collective group and all those who make up our Company, present, past and future!

It’s the reason why at our Company, we say We.

TREVOR HAYNES
CHAIRMAN & CEO BLACK DIAMOND GROUP LIMITED
Our high-performance culture is built on a set of values embraced by all – the team is engaged, nimble, creative, intuitive, hard-working and smart. We believe each customer and each project is unique and that we can tailor a combination of products and services that deliver an enhanced outcome. This is our challenge, our call to action, our why!

Our vision is to build a world class company that is a leading provider of modular space solutions, workforce accommodation solutions, and B2B workforce travel solutions.

Our mission: create a better way

Our high-performance culture is built on a set of values embraced by all – the team is engaged, nimble, creative, intuitive, hard-working and smart. We believe each customer and each project is unique and that we can tailor a combination of products and services that deliver an enhanced outcome. This is our challenge, our call to action, our why!
WHO WE ARE

AT BLACK DIAMOND GROUP, WE HAVE A UNIQUE PORTFOLIO OF BUSINESSES THAT PROVIDE PRODUCTS AND SERVICES TO SOLVE THE SPACE, ACCOMMODATION AND TRAVEL NEEDS OF ORGANIZATIONS.

LODGE LINK

A technology platform that leverages Black Diamond’s extensive knowledge of remote workforce travel and logistics to support businesses with their end-to-end crew travel management. The LodgeLink ecosystem has over 8,300 third-party properties listed in North America and over 750 unique corporate customers transacting on the platform to fulfill their complex crew travel needs.

MODULAR SPACE SOLUTIONS

Rents and sells temporary and permanent modular buildings across North America in a number of different industry verticals. We own approximately 9,200 units or buildings within MSS and services approximately 2,000 different customers that operate in industries like construction, engineering, government, education, and energy infrastructure.

WORKFORCE SOLUTIONS

Provides remote accommodation and related services for a diverse clientele throughout North America and Australia in industries such as power and energy infrastructure, government, mining, disaster recovery, and downstream oil & gas. The segment owns over 11,000 rooms of capacity along with several thousand pieces of ancillary rental equipment.
OUR APPROACH TO ESG AND SUSTAINABILITY

The company has chosen to report on sustainability and activity metrics generally in accordance with the Sustainability Accounting Standards Board, or SASB standards.

Within SASB’s ESG reporting framework, Black Diamond is most appropriately situated within the Engineering & Construction Services Industry. However, the Company is also choosing to report additional sustainability metrics given Black Diamond’s history of being active within the communities in which we live and work.

BLACK DIAMOND PROVIDES A FRAMEWORK TO IDENTIFY, ASSESS, MITIGATE, AND MONITOR ENVIRONMENTAL RISKS UNDER ITS ENVIRONMENTAL MANAGEMENT PLAN (THE “EMP”).

The EMP sets forth requirements for implementation of an effective environmental management program throughout all of Black Diamond’s operations. The goal is to lead the way by exemplifying responsible use of resources and to conduct operations in a manner aimed at achieving and maintaining compliance with all environmental rules and regulations.

As modular building experts, Black Diamond works closely with customers across our segments and geographies to evaluate the efficient use of resources; from building materials, installation methods, management of water and waste, and the heating and cooling of buildings. Through partnerships with our various manufacturers and vendors, we are able to help source efficient, leading edge products that fit the unique demands of our customers.
The use of modular structures for accommodation and general space needs can be an efficient and particularly sustainable solution when compared to traditional construction processes given the opportunity to reuse and recycle assets throughout their useful life. An asset may work for a number of different customers or in a variety of applications throughout its useful life of 20 to 30+ years, at which point it can be mulched and turned into reusable materials.

**WHY MODULAR?**

**ENVIRONMENTAL ADVANTAGES TO MODULAR STRUCTURES**

- **LESS SITE DISTURBANCE**
  Workers, suppliers and equipment traffic on-site is reduced greatly.

- **LESS MATERIAL WASTE**
  A controlled site makes it easier to recycle and protect the structures material.

- **FLEXIBILITY OF USE**
  Modules can be relocated, assembled, and refurbished with minimal energy.

- **REDUCE CONSTRUCTION SCHEDULE**
  Modules can be produced at the same time the site is being prepared; which reduces the completion date by 30% to 50%.

- **ELIMINATE WEATHER DELAYS**
  Weather risk is minimized because 60% to 90% of the construction is being completed in a factory which, in turn produces a faster ROI.

- **SAFER CONSTRUCTION**
  Working inside a controlled environment reduces accidents for workers.

- **BUILT TO CODE WITH QUALITY MATERIALS**
  The modular buildings are also required to follow the same building codes as site-built construction.
EMISSIONS DATA

Scope 1 emissions refer to direct greenhouse (GHG) emissions occurring from sources that are controlled or owned by the company and directly emit GHG emissions from fuel combustion. For Black Diamond, this typically includes the use of diesel, propane or liquified petroleum gas. These fuels can be used for either heat or electricity generation. Gasoline fuel used for vehicles owned or controlled by the company are also included in Scope 1 emissions.

Scope 2 emissions refer to indirect GHG emissions and in Black Diamond’s case are related to the purchase of electricity at the Company’s locations or facilities. All Scope 2 emissions are location-based.

Scope 3 emissions are driven by activities of the Company but occur from sources that are outside of the Company’s control or ownership. This would include the transportation of our assets as well as the emissions related to assets on lease with a customer. At this time, the Company is not tracking or reporting Scope 3 emissions.

Emissions were calculated with the aid of the GHG Emissions Calculation Tool and other resources from the Greenhouse Gas Protocol.

SOCIAL

THE SAFETY AND WELL-BEING OF THE COMPANY’S EMPLOYEES, PARTNERS, CUSTOMERS AND VENDORS IS OF THE HIGHEST IMPORTANCE AND PRIORITY. WE STRIVE TO ELIMINATE ALL WORKPLACE INCIDENTS, OCCUPATIONAL ILLNESSES, AND UNREGULATED ENVIRONMENTAL RELEASES FROM OUR OPERATIONS THROUGH THE FOLLOWING ACTIONS:

• Comply with all applicable health, safety and environmental regulations;
• Go beyond HS&E regulations when it makes good business sense to do so;
• Remain committed to working in a spirit of consultation and cooperation with the workers to provide safe working conditions that ensure the physical health and safety as well as the psychological health and social wellbeing of employees and contracted workers;
• Monitor arrangements to implement health, safety and environmental performance;
• Pursue continuous improvement of its health, safety and environmental performance; and
• Periodically report on its health, safety and environmental progress
SAFETY

Black Diamond expects all employees, contractors and sub-contractors to meet their responsibilities for protecting themselves and their coworkers. The specific requirements given in the Company’s Health, Safety, and Environmental (HS&E) Manual apply globally as a condition of employment for all employees and any contractor doing work for or on behalf of Black Diamond entities, business units and subsidiary organizations where Black Diamond has a controlling interest. It is our goal to maintain safe working conditions for other employers, self-employed persons, visitors and external work parties that may be present at our locations or who may be affected by our work activities, as is reasonably practicable. **We recognize that the responsibilities for health and safety are shared:**

The employer accepts the responsibility for leadership of the health and safety program, for its effectiveness and improvement, and for providing the safeguards required to ensure safe work conditions as is the worker’s right;

Supervisors are responsible for developing the proper attitudes toward health and safety in themselves and in those they supervise, and for ensuring that all operations are performed with the utmost regard for the health and safety of all personnel involved; and

Employees, contractors and sub-contractors are responsible for wholehearted, genuine cooperation with all aspects of the health and safety program, including compliance with all rules and regulations, and for continually practicing health and safety while performing their duties.

INDIGENOUS RELATIONS

BLACK DIAMOND’S INDIGENOUS RELATIONS ARE ALIGNED WITH THE TRUTH AND RECONCILIATION COMMISSION & UN DECLARATION ON THE RIGHTS OF INDIGENOUS PEOPLE.

- Black Diamond has a commitment to indigenous procurement through the Canadian Council for Aboriginal Business.

- Since 2018, Black Diamond and our Indigenous partners have generated $162 million of gross revenue through six equity-based partnerships with First nations and an additional 17 non-equity based agreements to drive economic benefits within the communities in which we live and operate.

- In late March of 2021, Black Diamond announced that it was awarded a rental contract in Eastern Canada. In conjunction with this award, the Company worked with the local First Nation, Long Lake #58 to provide a training program for students to become certified to work on this project. After months of hard work, long hours in the classroom and a new respect for the mining business, eight students graduated from the program with a certificate and all relevant tickets needed to work on the upcoming mining project or the installation of the lodge.

Black Diamond’s support of Moose Hide Campaign Day

May 12, 2022 was Moose Hide Campaign Day, a day born from an Indigenous-led grassroots movement dedicated to standing up against violence toward women and children.

The inspiration for the campaign came to co-founders Paul Lacerte and his daughter, Raven, in 2011 during a moose hunt along the Highway of Tears in Northern B.C., which is infamously associated with countless missing and murdered women. Since then, Canadian men and women don a small square of moose hide on their shirt on the second Thursday in February, signifying a commitment to honour, respect, and protect the women and children in their lives and speak out against gender-based and domestic violence.

Since 2011, annual gatherings and ceremonial fasts have taken place and close to two million squares of moose hide have been distributed in over 1,000 participating communities, schools, and organizations.

For more information on the campaign, visit moosehidecampaign.ca

This year, in 2022, the fight to end violence against women and children is particularly urgent; during the first lockdown, domestic violence rose 30% in some regions of Canada. As we continue to face COVID-19 restrictions and guidelines across Canada, that rate may continue increasing.

A number of Black Diamond employees wore our moose hide on Thursday, May 12 and also participated in a one-day fast — from 20 minutes before the sunrise to 20 minutes after the sunset (a fasting guide is available here) — as we continue to take positive and concrete steps forward in standing up and speaking out against violence toward women and children.
THE INDIGENOUS SPORTS HEROES EDUCATION EXPERIENCE IS A MULTI-PARTNER, MULTI-PLATFORM, WEB-BASED BOOK, CURRICULUM, AND GAMEIFIED CELEBRATION OF 14 CANADIAN INDIGENOUS HALL OF FAMERS.

The book is freely available to every teacher and student, kindergarten to Grade 12. The book is aimed at the middle ground, Grade 6 reading level, but learning activities are tuned to older and younger sides of the academic spectrum.

INDIGENOUS SPORTS HEROES

“...This one really resonates with us. Family, youth, sport and education are core corporate values... so we think it’s fantastic. It is a continuation of what we have done with First Nations communities and young people.”

TREVOR HAYNES, BLACK DIAMOND CHAIRMAN & CEO
BLACK DIAMOND HAS SIX EQUITY-BASED PARTNERSHIPS WITH FIRST NATIONS ACROSS CANADA DESIGNED TO DRIVE ECONOMIC BENEFITS WITHIN THE COMMUNITIES IN WHICH WE OPERATE.

ECONOMIC RESULTS

Black Diamond recognizes our responsibility to the local communities that are affected by our business. We invest in our communities through people - by nurturing local community relationships and by providing and developing local infrastructure.

It’s our focus on corporate integrity and diversity that allows us to grow alongside those communities we serve.

Black Diamond Group’s Indigenous partnerships have increased community capacity and delivered positive economic results for all parties involved. They are structured around an approach to Indigenous engagement that is proactive and long-term.

STARS ALUMNI CHARITY GAME

Since 2013, Boxx Modular has proudly supported the Boxx Modular Dallas Stars Alumni Charity Game.

The Dallas Stars Alumni Association is a community-focused group of former players that are working to bring renewed enthusiasm to the fan base and support local community charity events and organizations. The Dallas Stars Alumni and other NHL Alumni, along with members of the community take to the ice to raise funds for local community charity initiatives aimed at keeping kids involved in hockey programs.
UNITED WAY CAMPAIGN

In addition to the United Way Campaign, Black Diamond Group Limited is pleased to operate a charitable donation program aimed at providing team members with an opportunity to contribute to their community by supporting various community events and/or organizations. The aim is to provide monies that might not otherwise be available to these smaller groups through larger charitable organizations.

We believe in supporting our employees and their families at a grass roots level in the community where they live and work. We take pride in our Company having the Black Diamond name associated with events, programs and initiatives geared towards youth, family and amateur sport. We are proud of our team members who personally contribute their time and efforts to their communities, and this program is our way of amplifying their commitment.

The donation must go toward events/organizations focused on family and children in the individual’s community. They do not have to be a recognized charitable organization as Black Diamond Group Limited will not require a tax donation receipt. Some examples are listed below:

• Local family or children’s sporting event
• Youth focused community events
• Local school events
• Family or youth-oriented charities in the community

LIFETIME TOTAL RAISED (2009 – 2021)
$437,187

- Helps 228 individuals access basic needs support, including food and shelter
- Supports 253 people with financial stability and employment training
- Empowers 154 children and youth to hit developmental milestones and succeed
- Supports 250 youth to successfully transition to adulthood
- Helps 1001 people connect and build strong communities
- Ensures 450 individuals are connected to necessary supports

GOVERNANCE

THE COMPANY IS COMMITTED TO HIGH STANDARDS OF OPENNESS, INTEGRITY, AND ACCOUNTABILITY.

The integrity of the financial and other information of the Company is vital as it guides the decisions of the Board of Directors and is relied upon by our shareholders, financial markets, and other stakeholders.

For these reasons, the Company cultivates an environment where individuals can confidentially and anonymously report complaints and concerns regarding accounting, internal audit controls or other audit matters, bribery, the health and safety of the general public, employees and contractors, and the protection of the environment, without fear of victimization, discrimination or disadvantage.

Our Whistleblower Program was established for all employees, management, officers, directors, contractors, and consultants of Black Diamond and encourages and facilitates the reporting of complaints and concerns to the Chair of the Audit Committee, Mr. Robert Herdman.

Every employee of the Company is, upon hire and on an annual basis, required to review and sign off on the Company’s Code of Business Conduct and Ethics policies (the “Code”). The Code reflects the Company’s commitment to a culture of honesty integrity and accountability and outlines the basic principles and policies with which all directors, officers and employees are expected to comply.
BOARD MEMBERS

THE COMPANY'S BOARD OF DIRECTORS IS COMPRISED OF EIGHT MEMBERS, SEVEN OF WHICH ARE INDEPENDENT. EACH OF THE COMPANY'S COMPENSATION COMMITTEE, ENVIRONMENTAL, SOCIAL AND GOVERNANCE AND NOMINATING COMMITTEE AND AUDIT COMMITTEE ARE COMPRISED ENTIRELY OF INDEPENDENT DIRECTORS.

LEAD DIRECTORS

Trevor Haynes, Chair
Co-founder of Black Diamond Group. Non-independent director since 2006 and Chair since 2014.

Robert Wagemakers
Previously VP of Marketing with Nabors Drilling, VP Operations with Command Drilling and President of Partner Rentals. Independent director since 2006 and currently Lead Independent Director.

Barbara J. Kelley, Chair
Previous Executive Director of the Colorado Department of Regulatory Agencies, with more than 30 years of experience practicing law as a member of the Colorado Bar. Independent director since 2016.

Robert Wagemakers
Previously VP of Marketing with Nabors Drilling, VP Operations with Command Drilling and President of Partner Rentals. Independent director since 2006 and currently Lead Independent Director.

Leilani Latimer
Previously held leadership positions through a 25 year career with Sabre Inc. Currently Chief Commercial & Marketing Officer at Fair Trade USA. Independent director since 2021.

Robert Herdman, Chair
Fellow Chartered Accountant, formerly senior partner at Price Waterhouse Coopers for 34 years. Independent director since 2012

Edward H. Kernaghan
Executive Vice President of Kernaghan Securities, partner at Kernaghan & Partners and President of Kernwood Limited. Has over 15 years of experience in financial services and has been an independent director since 2018.

Steven Stein
Founding shareholder of Black Diamond and an officer of the Company from 2007-2016. Previously, was a founder of Outland Group and predecessor companies. Has been a Director since 2006.

ESG & NOMINATING COMMITTEE

Robert Wagemakers
Previously VP of Marketing with Nabors Drilling, VP Operations with Command Drilling and President of Partner Rentals. Independent director since 2006 and currently Lead Independent Director.

EDG & NOMINATING COMMITTEE

Brian Hedges, Chair
Served as President and CEO of Russel Metals from 2009 until his retirement in 2019. Independent director since 2021.

Robert Wagemakers
Previously VP of Marketing with Nabors Drilling, VP Operations with Command Drilling and President of Partner Rentals. Independent director since 2006 and currently Lead Independent Director.

Edward H. Kernaghan
Executive Vice President of Kernaghan Securities, partner at Kernaghan & Partners and President of Kernwood Limited. Has over 15 years of experience in financial services and has been an independent director since 2018.

COMPENSATION COMMITTEE

Edward H. Kernaghan
Executive Vice President of Kernaghan Securities, partner at Kernaghan & Partners and President of Kernwood Limited. Has over 15 years of experience in financial services and has been an independent director since 2018.
DATA SECURITY

BLACK DIAMOND LEVERAGES A DEFINED SECURITY FRAMEWORK AND TEAM TO IDENTIFY, ASSESS, AND MITIGATE SECURITY RISKS THROUGHOUT OUR ENVIRONMENTS. WE UTILIZE WORLD CLASS SOLUTIONS TO MAINTAIN A HIGH DEGREE OF PROTECTION:

- Maintaining data encryption
- Maintaining change management and auditing control best practices
- Leveraging a least privilege user access model
- Detecting abnormal user and entity behaviour event monitoring
- Monitoring and identifying access management for regular and privileged user accounts
- Discovering, classifying and monitoring business-critical data
- Ongoing scheduled backup and recovery best practices to minimize risk and maximize restoration services
- Ongoing scheduled scanning of the environment for harmful files, misconfigurations
- Monitoring email and system resources to detect and escalate potentially harmful data events
- Monitoring and actively investigating all suspicious activity
