Information Circular – Proxy Statement dated April 10, 2019

For the Annual and Special Meeting of Shareholders to be held on May 21, 2019

PROXIES

Solicitation of Proxies

This information circular – proxy statement is furnished in connection with the solicitation of proxies by or on behalf of the management of Black Diamond Group Limited (“Black Diamond”, “our Company”, the “Corporation”, “we” and “us”) for use at the annual and special meeting of holders of common shares (“Common Shares) of our Company (the “Meeting”) to be held in the Devonian Room at the Calgary Petroleum Club, 319 – 5th Avenue S.W., Calgary, Alberta, on Tuesday, May 21, 2019, at 3:00 p.m., Calgary time, and any adjournment thereof for the purposes set forth in the accompanying Notice of Annual and Special Meeting.

Only shareholders of record at the close of business on April 2, 2019 are entitled to notice of, and to attend and vote at, the Meeting, unless a shareholder has transferred any shares subsequent to that date and the transferee shareholder, not later than ten (10) days before the Meeting, establishes ownership of such shares and demands that the transferee’s name be included on the list of shareholders entitled to vote at the Meeting.

The instrument appointing a proxy must be in writing and must be executed by you or your attorney authorized in writing or, if you are a corporation, under your corporate seal or by a duly authorized officer or attorney of the corporation.

The persons named in the enclosed form of proxy are officers of our Company. **As a shareholder, you have the right to appoint a person or company (who need not be a shareholder) to represent you at the Meeting other than the person or persons designated in the form of proxy furnished by us. To exercise this right you should insert the name of the desired representative in the blank space provided on the form of proxy and strike out the other names or submit another appropriate proxy.** In order to be effective, the proxy must be deposited with Computershare Trust Company of Canada, 8th Floor, 100 University Avenue, Toronto, Ontario M5J 2Y1 (Attention: Proxy Department), not less than forty-eight (48) hours (excluding Saturdays, Sundays and holidays) before the time of the Meeting or any adjournment thereof. Registered shareholders may also use the internet at www.investorvote.com to vote their shares. Shareholders will be prompted to enter the control number which is located on the form of proxy. Votes by internet must be received by 3:00 p.m. (Calgary time) on May 16, 2019 or at least forty-eight (48) hours prior to the time of any adjournment of the Meeting. The time limit for deposit of proxies may be waived or extended by the chair of the Meeting at his or her discretion without notice. The website may also be used to appoint a proxy holder to attend and vote at the Meeting on the shareholder’s behalf and to convey a shareholder’s voting instructions. If you appoint a non-management proxyholder, please ensure that they attend the Meeting for your vote to count.

How to Vote:

Registered Shareholders of Common Shares

If you are a registered shareholder and are unable to attend the Meeting in person, please exercise your right to vote by proxy. In order to be effective, the proxy must be submitted to our Company’s transfer agent, Computershare Trust Company of Canada, as follows:

1. Through the internet at www.investorvote.com; or
2. By telephone at 1-866-732-VOTE (8683) (toll free within North America) or 1-312-588-4290 (outside North America); or

4. By mail or hand delivery to Computershare Trust Company of Canada, Proxy Department, 100 University Avenue, 8th Floor, Toronto, Ontario, M5J 2Y1.

Registered shareholders will require the 15-digit control number found on the form of proxy in order to vote through the internet or by telephone.

Advice to Beneficial Holders of Common Shares

The information set forth in this section is of significant importance to you if you do not hold your Common Shares in your own name. Only proxies deposited by shareholders whose names appear on our records as the registered holders of Common Shares can be recognized and acted upon at the Meeting. If Common Shares are listed in your account statement provided by your broker, then in almost all cases, those Common Shares will not be registered in your name on our records. Such Common Shares will likely be registered under the name of your broker or an agent of that broker. In Canada, the vast majority of such Common Shares are registered under the name of CDS & Co., the registration name for CDS Clearing and Depository Services Inc., which acts as nominee for many Canadian brokerage firms. Common Shares held by your broker or their nominee can only be voted upon your instructions. Without specific instructions, your broker or their nominee is prohibited from voting your Common Shares. We do not know for whose benefit the Common Shares registered in the name of CDS & Co. are held. The majority of Common Shares held in the United States are registered in the name of Cede & Co., the nominee for the Depository Trust Company, which is the United States equivalent of CDS Clearing and Depository Services Inc.

Applicable regulatory policy requires your broker to seek voting instructions from you in advance of the Meeting. Every broker has its own mailing procedures and provides its own return instructions, which you should carefully follow in order to ensure that your Common Shares are voted at the Meeting. Often, the form of proxy supplied by your broker is identical to the form of proxy provided to registered shareholders. However, its purpose is limited to instructing the registered shareholder how to vote on your behalf. The majority of brokers now delegate responsibility for obtaining instructions from clients to Broadridge Financial Solutions Inc., which mails a scannable voting instruction form in lieu of the form of proxy. You are asked to complete and return the voting instruction form to them by mail or facsimile. Alternately, you can call their toll-free telephone number or access the internet to vote your Common Shares. They then tabulate the results of all instructions received and provide appropriate instructions respecting the voting of such Common Shares to be represented at the Meeting. If you receive a voting instruction form from Broadridge Financial Solutions Inc. it cannot be used as a proxy to vote Common Shares directly at the Meeting, as the proxy must be returned to Broadridge Financial Solutions Inc. well in advance of the Meeting in order to have the Common Shares voted.

Although you may not be recognized directly at the Meeting for the purposes of voting Common Shares registered in the name of your broker (or agent of the broker), you may attend the Meeting as a proxyholder for the registered holder and vote your Common Shares in that capacity. If you wish to attend the Meeting and indirectly vote your Common Shares as proxyholder for the registered shareholder, you should enter your own name in the blank space on the form of proxy provided to you and return the document to your broker (or the broker's agent) in accordance with the instructions provided by your broker (or agent), well in advance of the Meeting.

Revocability of Proxy

You may revoke your proxy at any time prior to a vote. If you or the person to whom you give your proxy attends personally at the Meeting you or such person may revoke the proxy and vote in person. In addition to revocation in any other manner permitted by law, a proxy may be revoked by an instrument in writing executed by you or your attorney authorized in writing or, if you are a corporation, under your corporate seal or by a duly authorized officer or attorney of the corporation. To be effective the instrument in writing must be deposited at our head office at any time up to and including the last business day before the day of the Meeting, or any adjournment thereof, at which the proxy is to be used, or with the Chairman of the Meeting on the day of the Meeting, or any adjournment thereof.

Persons Making the Solicitation

This solicitation is made on behalf of our management. We will bear the costs incurred in the preparation and mailing of the form of proxy, Notice of Annual and Special Meeting and this information circular – proxy statement. In addition to mailing forms of proxy, proxies may be solicited by personal interviews, or by other means of communication, by our directors, officers

and employees who will not be remunerated therefor. Intermediaries, such as banks and trust companies, may also reimburse brokers and other persons holding Common Shares in their name or in the name of nominees for their costs incurred in sending proxy material to their principals in order to obtain their proxies.

Exercise of Discretion by Proxy

The Common Shares represented by proxy in favour of management nominees will be voted on any matter at the Meeting. Where you specify a choice with respect to any matter to be acted upon the Common Shares will be voted or withheld from voting on any matter in accordance with the specification so made. **If you do not provide instructions, your Common Shares will be voted in favour of the matters to be acted upon as set out herein.** The persons appointed under the form of proxy which we have furnished are conferred with discretionary authority with respect to amendments or variations of those matters specified in the form of proxy and Notice of Annual and Special Meeting and with respect to any other matters which may properly be brought before the Meeting or any adjournment thereof. At the time of printing this information circular – proxy statement, we know of no such amendment, variation or other matter.

Notice-and-Access

We have elected to use the “notice-and-access” provisions under National Instrument 54-101 – *Communications with Beneficial Owners of Securities of a Reporting Issuer* (the “**Notice-and-Access Provisions**”) for the Meeting to those of you who do not hold your Common Shares in your own name. The Notice-and-Access Provisions are a set of rules developed by the Canadian Securities Administrators that reduce the volume of materials that we must physically mail to you by allowing our Company to post our information circular – proxy statement in respect of the Meeting and related materials online.

We have also elected to use procedures known as “stratification” in relation to our use of the Notice-and-Access Provisions. Stratification occurs when we, while using the Notice-and-Access Provisions, provide a paper copy of our notice of meeting and information circular – proxy statement and a paper copy of our consolidated financial statements and related management’s discussion and analysis to some of our shareholders. In relation to the Meeting, our registered shareholders will receive a paper copy of each of the notice of the meeting, this information circular – proxy statement dated April 10, 2019, our consolidated financial statements and related management’s discussion and analysis and a form of proxy whereas our shareholders who do not hold their Common Shares in their own name will receive only a Notice-and-Access Notification and a voting instruction form. Furthermore, a paper copy of our consolidated financial statements and related management’s discussion in respect of our most recent financial year will be mailed to those shareholders who do not hold Common Shares in their own name but who have previously requested to receive paper copies of our financial information.

VOTING SHARES AND PRINCIPAL HOLDERS THEREOF

Majority Voting for Directors

Our Board has adopted a majority voting policy stipulating that if the votes in favour of the election of a director nominee at a shareholders’ meeting represent less than a majority of our Common Shares voted and withheld, the nominee will submit his or her resignation immediately after the meeting, for our Compensation, Nominating and Corporate Governance Committee’s (“**CNCGC**”) consideration. Our CNCGC will make a recommendation to our Board after reviewing the matter, and our Board’s decision to accept or reject the resignation offer will be disclosed to the public, within ninety (90) days of the applicable shareholders’ meeting. Resignations are expected to be accepted except in situations where exceptional circumstances would warrant the applicable director to continue to serve as a Board member. The nominee will not participate in any committee or Board deliberations on the resignation offer. The policy does not apply in circumstances involving contested director elections.

Advance Notice By-Law

Our Board adopted By-law No. 2 relating to the provision of advance notice of nominations of our directors (the “**Advance Notice By-law**”), which was approved by our shareholders at the annual and special meeting held on May 7, 2015. The Advance Notice By-law sets forth procedures that must be followed by any shareholder of our Company who intends to nominate any person for election as a director of our Company, other than pursuant to a proposal made in accordance with the *Business Corporations Act* (Alberta), or a requisition of a shareholder meeting made pursuant to the *Business Corporations Act* (Alberta). The Advance Notice By-law stipulates a deadline by which our shareholders must notify our Company of their intention to nominate directors and sets out the information that our shareholders must provide regarding each director nominee and the nominating shareholder in order for the requirements of the Advance Notice By-law to be met. These requirements are intended to provide all shareholders, including those voting by proxy, with the opportunity to evaluate the nominees and vote in an informed and timely manner regarding said nominees. The Advance Notice By-law also ensures orderly and efficient shareholder meetings by providing a structured and transparent framework for nominating directors. No person nominated by a shareholder will be eligible for election as a director of our Company unless nominated in accordance with the provisions of the Advance Notice By-law. A copy of the Advance Notice By-law is available on our SEDAR profile at www.sedar.com.

Additional Disclosure Relating to Proposed Directors

Bankruptcies

To our knowledge, except as described below, no proposed director (nor any personal holding company of any of such persons): (a) is, as of the date of this information circular – proxy statement, or has been within the ten (10) years before the date of this information circular – proxy statement, a director or executive officer of any company (including us) that, while that person was acting in that capacity, or within a year of that person ceasing to act in that capacity, became bankrupt, made a proposal under any legislation relating to bankruptcy or insolvency or was subject to or instituted any proceedings, arrangement or compromise with creditors or had a receiver, receiver manager or trustee appointed to hold its assets; or (b) has, within the ten (10) years before the date of this information circular – proxy statement, become bankrupt, made a proposal under any legislation relating to bankruptcy or insolvency, or become subject to or instituted any proceedings, arrangement or compromise with creditors, or had a receiver, receiver manager or trustee appointed to hold the assets of the proposed director.

Mr. Herdman, a director of Black Diamond, served as a director of SemBioSys Genetics Inc. (“**SemBioSys**”), a development stage biotechnology company, until May 1, 2012. On June 22, 2012, a secured creditor of SemBioSys was granted an order under the *Bankruptcy and Insolvency Act* (Canada) appointing a receiver to take possession of and deal with specific assets of SemBioSys which had been pledged to that creditor.

Mr. Haynes, the Chairman, President and Chief Executive Officer, served as a director of Northern Frontier Services Corp. (“**Northern Frontier**”), an industrial and environmental services company, until July 12, 2016. On July 14, 2016, a secured creditor of Northern Frontier was granted an order under the *Bankruptcy and Insolvency Act* (Canada) appointing a receiver to take possession of all of Northern Frontier’s current and future assets.

Cease Trade Orders

To our knowledge, except as described below, no proposed director (nor any personal holding company of any of such persons) is, as of the date of this information circular – proxy statement, or was within ten (10) years before the date of this information circular – proxy statement, a director, chief executive officer or chief financial officer of any company (including us), that: (a) was subject to a cease trade order (including a management cease trade order), an order similar to a cease trade order or an order that denied the relevant company access to any exemption under securities legislation, in each case that was in effect for a period of more than thirty (30) consecutive days (collectively, an “**Order**”), that was issued while the proposed director was acting in the capacity as director, chief executive officer or chief financial officer; or (b) was subject to an Order that was issued after the proposed director ceased to be a director, chief executive officer or chief financial officer and which resulted from an event that occurred while that person was acting in the capacity as director, chief executive officer or chief financial officer.

Mr. Herdman, a director of Black Diamond, served as a director of SemBioSys until May 1, 2012. On May 25, 2012, the Alberta Securities Commission issued a cease trade order against SemBioSys for failure to file the required certification of interim filings for the interim period ended March 31, 2012. The securities commission of each of British Columbia, Manitoba, Ontario and Québec issued similar orders in respect of the failure to file the certification of interim filings.

Mr. Haynes, the Chairman, President and Chief Executive Officer, served as a director of Northern Frontier until July 12, 2016. On September 6, 2016, the Alberta Securities Commission issued a cease trade order against Northern Frontier for failure to file the required periodic disclosure and certification of interim filings for the interim period ended June 30, 2016.

Penalties or Sanctions

To our knowledge, no proposed director (nor any personal holding company of any of such persons), has been subject to: (a) any penalties or sanctions imposed by a court relating to securities legislation or by a securities regulatory authority or has entered into a settlement agreement with a securities regulatory authority; or (b) any other penalties or sanctions imposed by a court or regulatory body that would likely be considered important to a reasonable securityholder in deciding whether to vote for a proposed director.

Appointment of Auditors

At the Meeting, shareholders will be called upon to appoint the firm of Ernst & Young LLP, Chartered Professional Accountants, to serve as our auditors until the next annual general meeting of our shareholders and to authorize our directors to fix their remuneration as such. Ernst & Young LLP, Chartered Professional Accountants, have been our auditors since incorporation on October 7, 2009 and were the auditors of the Fund since its formation on June 27, 2006.

Our directors recommend that shareholders vote for the appointment of Ernst & Young LLP, Chartered Professional Accountants, as our auditors, at a remuneration to be fixed by our directors.

Unless otherwise directed, it is the intention of the management designees to vote the proxies in favour of an ordinary resolution to appoint the firm of Ernst & Young LLP, Chartered Professional Accountants, to serve as our auditors until the next annual meeting of the shareholders and to authorize our directors to fix their remuneration as such.

The information required by Form 52-110F1 of National Instrument 52-110 – *Audit Committees* of the Canadian Securities Administrators, including information regarding the fees billed to our Company by Ernst & Young LLP, Chartered Professional Accountants, Calgary, Alberta, is contained in our annual information form for the year ended December 31, 2018, under the heading “Audit Committee Information”, an electronic copy of which is available on our SEDAR profile at www.sedar.com.

Reduction in Stated Capital

Under the *Business Corporations Act* (Alberta), we are prohibited from taking certain actions, including declaring or paying a dividend, if, among other things, there are reasonable grounds for believing that the realizable value of our Company’s assets would as a result of the declaration or payment of the dividend be less than the aggregate of its liabilities and stated capital of all classes of our shares. By reducing the the stated capital of the Common Shares we will reduce the aggregate amount of our Company’s liabilities and stated capital which allows us to pay a dividend without contravening such provision if, as and when a dividend is determined and declared by our Board.

Our proposed stated capital reduction reduces the stated capital account of our Common Shares by \$277,567,000 to approximately \$100 million as of December 31, 2018 (the “**Stated Capital Reduction**”). The proposed reduction in stated capital will have no impact on our Company’s day-to-day operations, will not alter our Company’s financial condition and will have no immediate income tax consequences to shareholders. It may have an effect in the future, in certain circumstances, if our Company is wound up or makes a distribution to the shareholders, or if our Company redeems, cancels or acquires its Common Shares. As a general rule, upon such transactions, a holder of Common Shares will be deemed to have received a dividend to the extent that the amount paid or distributed exceeds the stated capital of the Common Shares.

Our Board believes that the Stated Capital Reduction will benefit us on a go-forward basis by providing us more flexibility to manage our capital structure, including our ability to pay dividends on our Common Shares.

Our Board unanimously recommends that shareholders vote “FOR” the approval of the Stated Capital Reduction.

At the Meeting, shareholders will be asked to consider and if deemed advisable, to approve a special resolution, substantially in the following form, relating to the Stated Capital Reduction as described above:

BE IT RESOLVED as a special resolution of the shareholders of the Corporation that:

1. the stated capital account of the common shares of the Corporation be reduced by \$277,567,000 effective as of May 21, 2019; and
2. any officer or director of the Corporation be and is hereby authorized for and on behalf of the Corporation, whether under its corporate seal or otherwise, to execute and deliver all other documents and instruments and to take all such other actions as such officer or director may deem necessary or desirable to implement this resolution and the matters authorized hereby, such determination to be conclusively evidenced by the execution and delivery of such documents and other instruments or the taking of any of such actions.

In order to be passed, the above special resolution must be approved by not less than two-thirds of the aggregate votes cast by shareholders at the Meeting. **Unless otherwise directed, it is the intention of the persons designated in the form of proxy accompanying this information circular – proxy statement to vote proxies “FOR” the approval of the foregoing resolution.**

STATEMENT OF EXECUTIVE COMPENSATION

Named Executive Officers of the Corporation

The following section of this information circular – proxy statement discusses the Corporation’s approach to the compensation paid to our President & CEO, Executive Vice President & Chief Financial Officer; and the three most highly compensated executive officers, other than the President & CEO and Executive Vice President & Chief Financial Officer during the year ended December 31, 2018 whose total compensation was more than \$150,000 (each a “**Named Executive Officer**” or “**NEO**” and collectively, the “**Named Executive Officers**” or “**NEOs**”).

Compensation Program Highlights

- **Alignment with Shareholders** – Given the challenging operating environment faced by the Corporation and the industries in which it operates, the base salary of our President & Chief Executive Officer was reduced by 15% and the base salaries of the majority of our other executive officers were reduced by 10% in February, 2016 and such reduction has not been reinstated due to the continued challenging operating environment. The CNCGC has instead focused on providing our NEOs with equity-based compensation that will deliver value to NEOs as value is received by the Corporation’s shareholders.
- **Low dilution to shareholders** – While this emphasis on equity-based compensation has increased the *theoretical dilution* to shareholders over the past two (2) years, *actual dilution to shareholders has been nil during this time period* as restricted awards (the “**Restricted Awards**”), performance awards (“**Performance Awards**”) (collectively, referred to as “**Incentive Awards**”) and options grants in 2018 have been either offset by out of the money or expired options.
- **Pay for Performance** – with the aforementioned reduction in NEO salaries and focus on equity-based incentives, the majority of our NEOs’ compensation is at-risk. On average approximately 45% of an NEO’s total compensation is at-risk, meaning that the majority of executive compensation is performance-dependent and fluctuates with shareholder value.
- **Caps on incentive payouts** – payouts under our annual cash bonus plan (the “**Cash Bonus Plan**”) cannot exceed 125% of salary for our President & CEO and 100% of salary for the remaining NEOs.
- **Share Ownership Requirements** – the Corporation has implemented share ownership requirements for our NEOs (three times annual base salary for our President & CEO and two times annual base salary for the remaining NEOs). Ownership guidelines have also been implemented for the Board of Directors (three times annual retainer).
- **Deferred Share Units** – non-management directors receive deferred share units (“**DSUs**”) and are excluded from participating in our Company’s share option plan (the “**Option Plan**”) and our Company’s restricted and performance award incentive plan (the “**Award Plan**”) to ensure their long-term interests are fully-aligned with shareholders.
- **Independent Advice** – the CNCGC has its own independent advisor.

Compensation Governance

Composition of our Compensation, Nominating and Corporate Governance Committee

During 2018, our CNCGC was comprised of David Olsson (Chair), Barbara J. Kelley and Robert Wagemakers, all of whom are “independent” directors for the purposes of National Instrument 58-101 – *Disclosure of Corporate Governance Practices*. The following table sets forth the relevant skills and experience of each current member of our committee that enables such member to make decisions on the suitability of our compensation policies and practices.

Name	Relevant Skills and Experience
David Olsson (Chair)	Mr. Olsson's skills and experience that enable him to make decisions on the suitability of our compensation policies and practices are derived from more than 30 years' experience in the areas of international capital markets, cross-border investments, and financing of resources and infrastructure projects. - (iii) to review and approve corporate goals and objectives relevant to the compensation of our President and Chief Executive Officer, evaluate our President and Chief Executive Officer's performance in light of those corporate goals and objectives, and determine (or make recommendations to our Board with respect to) our President and Chief Executive Officer's compensation level based on such evaluation;
- (iv) to recommend to our Board with respect to non-Chief Executive Officer and director compensation, including to review management's recommendation for proposed share option, share purchase plans and other incentive-compensation plans and equity-based plans for non-Chief Executive Officer and director compensation and make recommendations in respect thereof to our Board;

- (viii) to conduct an assessment, at least once a year, of the risks associated with our compensation policies and practices and prepare and submit to our Board annually a report summarizing: (i) the risks identified in such assessment that are reasonably likely to have a material adverse effect on our Company; and (ii) the recommendations of our CNCGC to mitigate against any potential items identified in such assessment that may be reasonably expected to lead an executive officer to take inappropriate or excessive risks.

The CNCGC is required to be comprised of at least three (3) of our directors or such greater number as our Board may determine from time to time. All members of our CNCGC are required to be independent as such term is defined for purposes of National Instrument 58-101 – *Disclosure of Corporate Governance Practices*.

Compensation Consultant or Advisor

During the fiscal years ended December 31, 2017 and 2018, the CNCGC retained Lane Caputo Compensation Inc. (the “**Consultant**”), an independent external consulting company.

The CNCGC originally retained the Consultant in June 2014 to assist it in reviewing the competitiveness of our Company’s compensation program for our employees, executive officers and non-management directors. The Consultant’s mandate was to review comparative industry compensation data including the executive and non-management directors’ compensation plans of competitor companies for benchmarking compensation and advise our Company and the CNCGC on emerging trends and developments in compensation.

Executive Compensation – Related Fees

The CNCGC retained the Consultant to update its work completed for our Company in previous years and to complete a thorough review and update of our Corporation’s Statement of Executive Compensation. Our Company paid the Consultant fees as set out below for the years indicated.

<u>Consultant Fees</u>	<u>2018</u>	<u>2017</u>
Lane Caputo	\$51,213	\$15,097

All Other Fees

The Consultant did not receive any other fees from our Company during 2017 or 2018.

In order to ensure the independence of the CNCGC’s advisors, our management must seek approval from the CNCGC prior to retaining a compensation advisor or authorizing its mandate.

Review of Risks Associated with Compensation Policies and Practices

As described herein, our Company’s executive compensation program is administered by our CNCGC. In carrying out its mandate, the CNCGC reviewed our Company’s elements of compensation to identify any risks arising from our Company’s compensation policies and practices that could reasonably be expected to have a material adverse effect on our Company as well as the practices used to mitigate any such issues. The CNCGC concluded that the compensation program and policies of our

Company does not encourage our executive officers to take inappropriate or excessive risks. This assessment was based on a number of considerations including, without limitation, the following: (i) the compensation program of our Company attempts to achieve a balance between cash and equity compensation which are based both on individual and corporate performance, both financial and non-financial and the overall compensation program is market based and aligned with our Company's business plan and long-term strategies; (ii) our Company's compensation policies and practices are generally uniform throughout the organization and there are no significant differences in compensation structure among our executive officers; (iii) the compensation package for executive officers consists of fixed (base salary and perquisites) and variable elements (cash bonus, options and Incentive Awards) which are designed to balance our short term goals and our long-term interests and are aimed at creating sustainable value for our shareholders; (iv) the performance elements of the Cash Bonus Plan for our executive officers are linked to the achievement of our business goals and are reviewed and approved annually by the CNCGC; (v) in exercising its discretion granting options and Incentive Awards, our CNCGC or our Board reviews individual and corporate performance taking into account the long-term interests of our Company; (vi) options are generally granted annually and vest over a three (3) year period, which further mitigates any short-term risk taking potential; (vii) we anticipate that Incentive Awards will be granted annually and will vest over a period of time, which further mitigates any short-term risk taking potential; and (viii) the results of annual performance assessments of individual contributions of executive officers are reviewed and considered in awarding both discretionary bonuses under the Cash Bonus Plan and future compensation.

Short Sales, Puts, Calls and Options

Our Anti-Hedging Policy provides that our directors, officers and all of our employees, shall not knowingly sell, directly or indirectly, a security of our Company if such person selling such security does not own or has not fully paid for the security to be sold. In addition, the Anti-Hedging Policy provides that our directors, officers and employees shall not, directly or indirectly, engage in short selling in Common Shares of our Company or purchase financial instruments (including, for greater certainty, puts, options, calls, prepaid variable forward contracts, equity swaps, collars or units of exchange funds) that are designed to hedge or offset a change in the market value of Common Shares or other securities of our Company held by the person. For the purposes of our Anti-Hedging Policy, short selling does not include a sale of Common Shares not currently owned so long as the seller owns an immediately exercisable option to acquire the number of Common Shares sold, and the sale and exercise is conducted in accordance with our Company's approved procedures for the exercise of options under our official equity compensation plans such as the Option Plan.

Mandatory Equity Ownership Requirements

In April 2018, our Company adopted a policy (the "**Mandatory Equity Ownership Policy**") pursuant to which directors and certain senior officers of the Corporation are required to own a significant number of Common Shares or Common Share equivalents in order to further align their interests with those of our Company's shareholders. For our NEOs, mandatory ownership of Common Shares or Restricted Awards must achieve and maintain a value of two to three times each NEO's respective base annual salary. Our NEOs have five (5) years from the date of inception of the policy, or upon becoming a NEO, to achieve this minimum level of equity ownership. The value held shall be determined each year, based on the greater of the initial acquisition cost of the Common Shares and/or Incentive Awards and the then market price of the Common Shares on the Toronto Stock Exchange ("**TSX**"). Options do not count toward the equity ownership requirement of the NEOs. The Common Shares, Incentive Awards or similar Common Share equivalents of the Corporation held to comply with the equity ownership requirement shall not be the object of specific monetization procedures or other hedging procedures to reduce or offset a decrease in the market value of his or her holding, either directly or indirectly.

Additional details of the policy and of our NEOs' progress around ownership guidelines as of March 29, 2019 are presented below.

Position	Name	# of Common Shares	# of Incentive Awards	Ownership Requirement (Multiple of Salary)	Current Market Value ⁽¹⁾	Meets Share Ownership Requirement ⁽²⁾
Chairman, President and Chief Executive Officer (CEO)	Trevor Haynes	3,488,916	265,371	3x	\$6,757,717	Yes
Executive Vice President and Chief Financial Officer (CFO)	Toby LaBrie	69,976	141,639	2x	\$380,907	No
Executive Vice President and Chief Operating Officer, Modular Space Solutions	Troy C. Cleland	316,792	136,630	2x	\$816,160	Yes
Executive Vice President and Chief Operating Officer, Workforce Solutions	Mike Ridley	18,328	109,167	2x	\$229,491	No
Executive Vice President, Shared Services and CIO	Patrick Melanson	44,220	122,433	2x	\$299,975	No

Notes:

- (1) Calculated based on the closing price of the Common Shares on the TSX on March 29, 2019, which was \$1.80 per Common Share.
(2) Any current NEO that does not meet the requirements of the Mandatory Equity Ownership Policy has until April 2023 to comply.

As seen in the table above, the current market value of our NEOs' shareholdings (other than Mike Ridley's shareholdings as he only joined our Company on September 11, 2017), have declined, in line with our shareholders' experience over the past several years. Combined with the lack of value delivery through our Option Plan and Award Plan, the CNCGC believes that our NEOs are directly aligned with our shareholders.

COMPENSATION DISCUSSION AND ANALYSIS

Objectives and Principles of Executive Compensation Program

The objectives of our executive compensation program are threefold, namely: (i) pay for performance in terms of aligning compensation in the short and long-term to the successful implementation of our strategic plans and annual objectives; (ii) align the interests of management with shareholders over the long-term via the use of equity-based incentives; and (iii) enable our Company to attract and retain highly qualified and experienced individuals to serve as executive officers.

Flowing from the CNCGC's pay-for-performance philosophy, salaries are generally positioned near the median levels of the competitive market while variable compensation opportunity (short and long-term incentives) is structured to allow executives to receive above-market total compensation for superior operational and financial performance and sustained shareholder value creation. Our CNCGC also recognizes that the company's executive compensation program must be sufficiently flexible in order to adapt to unexpected developments in the industries in which we operate and the impact of internal and market related occurrences from time to time.

Compensation Benchmarking

In order to attract and retain the highly qualified and experienced individuals required to achieve our Company's goals, Black Diamond needs to ensure that its executive compensation programs are market competitive. Our CNCGC uses a benchmarking group that includes comparable companies Black Diamond competes with for talent and business.

Black Diamond’s benchmarking group is relative in size to Black Diamond, and determined using the following criteria:

- **Industry:** companies providing modular facilities, workforce accommodation and lodging, rentals and related services;
- **Ownership:** public companies listed on a North American stock exchange;
- **Operating Geography:** companies that operate in multiple jurisdictions, including international operations; and
- **Size:** companies of comparable size, but the group also includes a balanced mix of companies that are both larger and smaller than Black Diamond that meet the other criteria.

By reviewing the comparable executive compensation programs and compensation levels at these companies, our CNCGC is well positioned to make informed decisions about compensation practices and levels for our executive officers, and to attract and retain highly qualified and experienced individuals to serve as the executive officers required to achieve our Company’s goals. Our CNCGC uses market data and median information from the benchmark group to guide decisions regarding pay practices and programs.

Civeo Corporation	Mobile Mini Inc.
CWC Energy Services Corp.	North American Construction Group Ltd.
Essential Energy Services Ltd.	Strad Energy Services Ltd.
GDI Integrated Facility Services Inc.	Temple Hotels Inc.
High Arctic Energy Services Inc.	Total Energy Services Inc.

Our CNCGC has historically referred to the independent “Mercer Total Compensation Survey (Energy Services Sector)” and the “Petroleum Services Association of Canada Total Compensation Survey” (the “**Compensation Surveys**”), as well as industry market trends and recommendations from our Consultant to guide our approach to executive compensation, including the assessment of the competitiveness of our compensation practices. The development of the benchmarking group was made in consultation with our Consultant.

Elements of Our Executive Compensation Program

Our Company offers a total compensation package to our NEOs that is both aligned with our compensation philosophy and with competitive market practise:

Compensation Element	Form	Purpose of Element	Determination
Base Salary	Cash	Forms a baseline level of compensation for role fulfillment commensurate with the experience, skills and market demand for the executive role and/or incumbent.	Salaries have historically been determined from analysis of similar positions within Black Diamond’s peer group as well as the Compensation Surveys and the advice of our Consultant, each individual’s level of experience in the role, individual performance and level of responsibility. Actual salary levels are set in reference to our Company’s compensation philosophy and relative to the emphasis on other compensation program elements. Our Company’s philosophy has been to pay salaries near the

Compensation Element	Form	Purpose of Element	Determination
			median levels of the peer group, however, given the challenging operating environment faced by our Company, the base salary of our President and Chief Executive Officer was reduced by 15% and the base salaries of the majority of our other executive officers were reduced by 10% in February, 2016 and such reduction has not been reinstated due to the continued challenging operating environment.
Cash Bonus Plan	Cash	To recognize short-term (typically annual) efforts and milestone achievement that are designed to link the achievement of personal and annual performance objectives to enhanced shareholder value.	Annual bonus opportunity for each NEO is set based both with reference to competitive peer group incentive opportunities, the seniority of the NEO's position and his or her industry experience. Actual bonus payments can range from 0% - 125% of annual salary for our President & CEO and from 0% - 100% of annual salary for the remaining NEOs. Each NEO's annual performance is measured against corporate and individual performance objectives, the weighting of each being dependent upon his or her role in the organization and relative influence over corporate performance objectives. For additional information, see <i>Cash Bonus</i> below. Again, given the continued challenging operating environment faced by our Company, only minimal cash bonuses, if any, have been paid to NEOs for the previous three (3) years.
Restricted and Performance Award Incentive Plan	Common Shares	Provides for the grant of Restricted Awards and Performance Awards to officers, employees and other service providers of our Company and our affiliates. Designed to motivate executives to create and grow sustainable shareholder total return over successive three (3) year performance cycles.	Restricted Award and Performance Award grants are determined in reference to competitive practise and are granted at such levels that total compensation can achieve above-market levels provided that our Company's share price achieves superior returns relative to the competitive market. Incentive Awards are typically awarded annually or as otherwise determined by the CNCGC. Performance Awards vest upon the achievement and maintenance of certain performance criteria over a three (3) year period, whereas Restricted Awards vest automatically over a three (3) year period. The CNCGC has established performance criteria with respect to Performance Awards that were granted starting in 2018. These criteria are based on the achievement of Adjusted EBITDA targets versus plan and, based on the terms of the Award Plan, results against these criteria for 1 st , 2 nd , 3 rd and 4 th quartile performance result in vesting multipliers of 200%, 150%, 100% and 0%. Vesting multipliers are applied to each of the vesting years in the straight-line annual 3-year vesting of the Performance Awards granted. Dividends, if declared on Common Shares, are converted to additional Restricted Awards and Performance Awards, as applicable, using the prior five (5) days' volume weighted average closing price of Common Shares on the TSX.
Option Plan	Common Shares	Designed to motivate executives and employees to create and grow sustainable shareholder return over long-term performance periods and to facilitate key employee retention.	Option award levels are determined in reference to competitive practise and are granted at such levels that total compensation can achieve above-market levels provided that our Company's share price achieves superior returns relative to the competitive market. The CNCGC sets the term of options, which cannot exceed five (5) years and fixes the vesting terms of options such that 1/3 of options granted will vest on each of the first, second and third anniversaries of the grant date or other such vesting schedule that the CNCGC chooses.

Short-Term Incentive Compensation – Annual Cash Bonuses

Our CNCGC recommends to the independent members of our Board for consideration and approval of an annual bonus amount for all employees and specific bonus amounts for executive officers (including our NEOs). The CNCGC, in consultation with our President and Chief Executive Officer, established the terms of the Cash Bonus Plan for fiscal 2018 for our executive officers (including our NEOs). For 2018, the maximum bonus payable was 125% of the actual 2018 base salary for Mr. Haynes and 100% for Messrs. LaBrie, Cleland, Ridley and Melanson.

Pursuant to the terms of the Cash Bonus Plan, certain components and metrics were established that were reflective of the key operating and financial metrics that had a significant impact on achieving our business plan for fiscal 2018 and were aligned with the creation of shareholder value. Specifically, for 2018, the key operating and financial metrics upon which any bonus amount would be based were:

Metric	Weighting	Determination	Achievement
Cost Management			
Administration Expense as a percentage of Gross Profit	10 - 25%	Portion of bonus will be provided if the SGA% of Gross Profit is achieved against the approved 2018 budget for our Company.	Not achieved
Corporate Financial Results			
Return on Average Capital Employed (ROACE)	25 - 40%	Each metric will earn 50% of the portion of the scorecard weighting if the company meets or exceeds the 2018 budget approved targets. Achievement is measured against year-end financial report.	Not achieved
Return on Equity Employed (ROE)			Not achieved
Mandates and/or Management by Objectives			
Various goals and milestones based on each NEO's specific functional area	25 - 60%	Measured progress against predetermined individual goals and objectives.	Partially achieved
Discretionary			
Individual Factors	25%	Portion of bonus may be payable based upon several factors including: leadership, effectiveness, commitment and peer review feedback.	Partially achieved

Regardless of the level of achievement of the 2018 performance metrics outlined in the table above, the President & Chief Executive Officer and the CNCGC determined that, given the challenging market for our Company's services and the need to protect the financial condition of our Company, cash bonuses would only be payable for achievement of the performance conditions listed above AND if our Company achieved threshold levels of Adjusted EBITDA that would allow our Company to pay executive and employee bonuses without compromising our financial position. For 2018, the threshold level of Adjusted EBITDA achievement was:

- < 80% of budgeted Adjusted EBITDA: 0% payout ratio
- 80% to 100% of budgeted Adjusted EBITDA: 50% payout ratio
- >100% of budgeted Adjusted EBITDA: 100% payout ratio

Despite various degrees of achievement surrounding our financial and operational performance goals for 2018, the threshold level of Adjusted EBITDA performance achieved only the 80% to 100% range, resulting in 50% of eligible cash bonuses being available to executives and employees for 2018.

For a reconciliation of Adjusted EBITDA see our management's discussion and analysis for the year ended December 31, 2018 which is available on our SEDAR profile at www.sedar.com.

Long-Term Incentive Compensation

Share Options

Executive officers, along with our officers, employees, consultants and other service providers are eligible to participate in the Option Plan. Options granted under the Option Plan are intended to align such individual's and shareholder interests by attempting to create a direct link between compensation and shareholder return. Participation in the Option Plan rewards overall corporate performance, as measured through the price of our Common Shares. In addition, the Option Plan encourages the retention of key executives and enables executives to develop and maintain a significant ownership position in our Company. As with many similar-sized companies, share options form an integral component of the total compensation package provided to our executive officers. This results in a significant portion of executive compensation being "at risk" and directly linked to the achievement of business results and long-term value creation.

Options are normally recommended by management and approved by the CNCGC or our Board upon the commencement of an individual's employment with our Company based on the level of responsibility within our Company. Our Company's current policy is that additional option grants are made on an annual basis to ensure that the number of share options granted to any particular individual is commensurate with the individual's level of ongoing responsibility within our Company and to ensure that one of the primary purposes of the share options, namely retention of the executives, is being maintained. In considering annual grants, the CNCGC and our Board has flexibility in the determination of the size of the award and takes into account all relevant circumstances, including the number of share options and/or Incentive Awards held by such individual, the exercise price and implied value of the share options and Incentive Awards, the term remaining on such incentives and the total number of Common Shares reserved for issuance under the Option Plan and the Award Plan on a combined basis. The size of the annual option award to individual executives is determined by considering individual performance, level of responsibility, authority and overall importance to our Company and the degree to which each executive's potential and contribution are considered critical to the long-term success of our Company. Options are priced at the five (5) day volume weighted average trading price of the Common Shares immediately preceding the date of grant. The current policy of our Board is that options have a five (5) year term and vest at a rate of one-third on each of the first, second and third anniversaries of the date of grant subject to accelerated vesting at the discretion of our Board or a committee of our Board appointed from time to time to administer the Option Plan. See "Incentive Plans – Share Option Plan" for a description of the detailed terms of the Option Plan.

Incentive Awards

Executive officers, along with our officers, employees and other service providers, are eligible to participate in our Company's Award Plan which provides for the grant of Restricted Awards and Performance Awards. Our Board, upon the recommendation of the CNCGC, adopted the Award Plan in March 2015 to supplement the Option Plan. The CNCGC recommendation was based on the belief that there was a need for our Company to establish an incentive arrangement with a stronger retention component than the Option Plan. The Award Plan serves to provide retention incentive for officers, employees and other service providers of our Company and, like the Option Plan, aligns the compensation of management and employees of our Company with the success of our Company and the creation of shareholder value over the term of the incentive awards. In recommending the Award Plan, our CNCGC considered the structure of the Award Plan and concluded that it would not encourage senior executives to take inappropriate or excessive risks that may have a material adverse effect on our Company. In particular, the awards vest over time which should help mitigate short-term risk-taking potential. Shareholders last approved the issuance of Common Shares from treasury pursuant to the Award Plan at the annual and special meeting of shareholders held on May 14, 2018.

We commenced the grant of Incentive Awards under the Award Plan in March 2016, thereby providing significant retention value to our Company. We anticipate that Incentive Awards will normally be recommended by management and approved by our CNCGC or our Board upon the commencement of an individual's employment with our Company based on the level of responsibility within our Company. Our current policy is that additional grants will be made on an annual basis to ensure that the number of Incentive Awards granted to any particular individual is commensurate with the individual's level of ongoing responsibility within our Company. In considering additional grants, our CNCGC and our Board have flexibility in the determination of the size and mix of the Incentive Awards and will assess all relevant circumstances, including the number of share options and/or Incentive Awards held by such individual, the implied value of the share options and Incentive Awards, the term remaining on such incentives and the total number of Common Shares reserved for issuance under the Option Plan and the Award Plan on a combined basis. The size of the annual Incentive Award grant to individual executives will be determined by applying a percentage that is measured across market sectors and similar sized companies in relation to the individual level of responsibility, authority and overall importance to our Company and the degree to which each executive's potential and

contribution are considered critical to the long-term success of our Company. See “Incentive Plans – Restricted and Performance Award Incentive Plan” for a description of the detailed terms of the Award Plan.

Other Executive Benefits

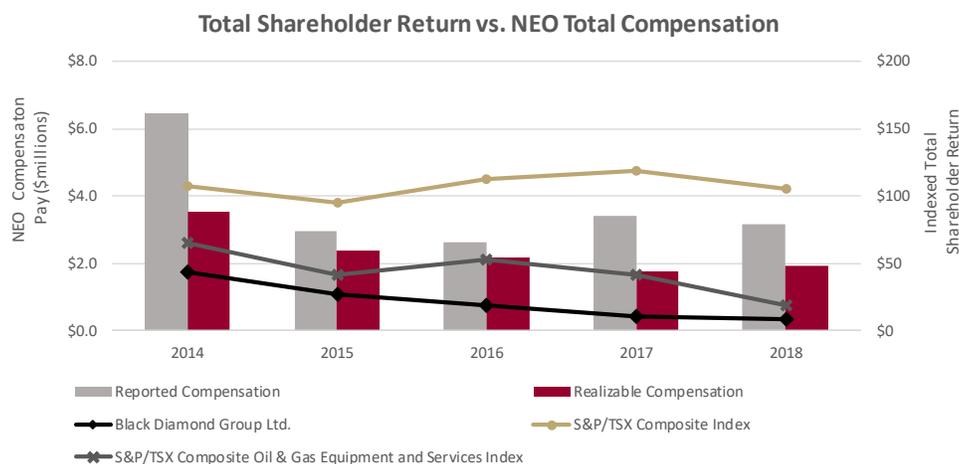

In addition to salary, cash bonus and participating in the Option Plan and Award Plan, the NEOs participate in certain health and wellness benefits that are also available to the other employees of our Company. Certain NEOs, as a function of their roles, are also eligible to receive vehicle and parking allowances. We do not have a pension plan or similar benefit program.

Compensation changes for 2019

For 2019, the CNCGC has adjusted the CEO compensation to provide more weighting towards at-risk equity based compensation combined with a reduction of salary and corresponding potential cash bonuses. This, in addition to adjustments to other NEO base compensation, is expected to further align Black Diamond NEO compensation with trends and statistics that are commensurate with its peer group. Further, the CNCGC has approved a deferral of earned NEO bonuses in 2019 by way of options and Restricted Awards in lieu of cash bonuses that would have otherwise been payable. While this deferral will increase the 2019 burn rate and potential future dilution, the CNCGC believes it is a prudent way to minimize cash payouts for earned compensation at a time when the Company is seeking to preserve cash in order to meet its strategic growth objectives.

Performance Graph

The following graph compares the cumulative total shareholder return for \$100 invested in the Common Shares for the period from December 31, 2013 to December 31, 2018, as measured by the closing price of the Common Shares at the end of each year with the cumulative total return on each of the S&P/TSX Composite Index and the S&P/TSX Composite Oil & Gas Equipment and Services Index, assuming the reinvestment of dividends, where applicable, for the same period. Also superimposed on the performance chart below is our NEOs’ aggregate Total Compensation over the same five-year period, for the purposes of comparing compensation to performance.

Comparison of Cumulative Total Return ⁽¹⁾

	2013	2014	2015	2016	2017	2018
S&P/TSX Composite Index	\$100	\$107	\$96	\$112	\$119	\$105
S&P/TSX Composite Oil & Gas Equipment and Services Index	\$100	\$65	\$41	\$53	\$42	\$19
Black Diamond Group Limited	\$100	\$44	\$28	\$19	\$10	\$9

Note:

(1) Assuming an investment of \$100 on December 31, 2013.

Note when viewing the chart above that:

- Reported Compensation for each year represents the aggregate of the total compensation for the NEOs as presented in the Summary Compensation Table for each year, inclusive of the grant date fair value of stock options and Incentive Awards.
- By comparison, Realizable Compensation (the sum of salary, cash bonus actually paid in each year and the realizable value of options and Incentive Awards as of December 31, 2018) represents the compensation actually paid, or realizable to the NEOs in respect of each year.
- Both Reported Compensation and Realizable Compensation have decreased with the decline in shareholder value from 2014 onwards, with the exception of 2017, where additional equity incentive awards were made to NEOs to reflect the increase in the scope of their roles, including oversight of additional departments, following the restructuring of our Company.
- The large discrepancy between Reported Compensation and Realizable Compensation in each year reflects the underwater status of options in each year and includes the greatly reduced value of Incentive Awards from 2015 onwards. The net impact to shareholders has been near-zero dilution from executive and employee equity incentives over this five-year period as options have been valueless and most Incentive Awards have yet to vest.

The high percentage of at-risk compensation for our NEOs, of which options and Incentive Awards are a major component, allow our Company to compensate its NEOs such that value actually received is ultimately in alignment with shareholder fortunes.

Notes:

- (1) Mr. LaBrie was appointed Executed Vice President and Chief Financial Officer of our Company on March 3, 2016.
- (2) Refers to the value of the Incentive Awards granted under the Award Plan. See "Incentive Plans – Restricted and Performance Award Incentive Plan". In the case of Restricted Awards and Performance Awards, the award value is calculated at the grant date(s) by multiplying the number of Restricted Awards and Performance Awards by the fair market value of the Common Shares. The fair market value is determined on the applicable grant date as the volume weighted average trading price of the Common Shares on the TSX (or other stock exchange on which the Common Shares may be listed) for the five (5) trading days immediately preceding such date. No Performance Awards were granted for the years ended December 31, 2017 or 2016.
- (3) Refers to options granted under the Option Plan. See "Incentive Plans – Share Option Plan". Based on the grant date fair value of the applicable awards. The fair value of the options granted annually is obtained by multiplying the number of options granted by their value established according to the Black Scholes model. This value is the same as the fair value established in accordance with generally accepted accounting principles which was determined using the following assumptions for 2016: dividend yields 7.31% to 11.61%; expected average volatility of 34% to 52%; average risk-free rate of interest of 0.46% to 1.00%; and an expected life of option of three (3) years; the following assumptions for 2017: dividend yields of 8.33% or nil; expected average volatility of 51% to 54%; average risk-free rate of interest of 1.02% to 1.81%; and an expected life of option of three (3) years; and the following assumptions for 2018: dividend yields of nil; expected average volatility of 58% to 65%; average risk-free rate of interest of 1.74% to 1.86%; and an expected life of option of three (3) years. The fair value of option grants have been determined using the same methodology and values used in determining the option value for our financial statements as we believe it represents the best estimate of fair value of the options at the time of the grant.
- (4) The amounts set forth in the column are the cash bonuses earned by the Named Executive Officers in respect of the prior year but paid in the applicable fiscal year.

- (5) The value of perquisites received by each of our Named Executive Officers, including property or other personal benefits provided to our Named Executive Officers that are not generally available to all employees, were not in the aggregate greater than \$50,000 or 10% of our Named Executive Officer's total salary for the financial year.
- (6) Mr. Ridley was engaged by our Company on September 11, 2017.
- (7) Mr. Haynes does not receive any compensation for serving as a member of the Board.

Termination and Change of Control Benefits

We have entered into executive employment agreements with each of Messrs. Haynes, LaBrie, Cleland, Ridley and Melanson. The executive employment agreements of all executives continue indefinitely until terminated in accordance with the terms thereof. The executive officers are entitled to participate in and receive all rights and benefits under our group benefit plans, and certain other benefits and perquisites as generally available to all of our employees. All such group benefits and perquisites cease on the last day of the month of termination unless extended for specific purposes on an individual basis.

The executive employment agreements and the employment of the executive officers can be terminated at any time by our Company for just cause (in which case there are no payments other than accrued vacation, earned salary and reimbursement of expenses) and without just cause. Where the executive employment agreements are terminated without just cause, or in the event that Messrs. Haynes, LaBrie and Cleland elect to terminate their agreements following a change of control, the payments, as calculated at December 31, 2018, are equal to the termination amounts set out in the table below.

Name	Total Compensation ¹	Bonus	Vacation ³	As of Dec 31, 2018 (\$)
Trevor Haynes	2x	Average of last two (2) years	Accrued	1,599,807
Toby LaBrie	2x	Average of last two (2) years	Accrued	646,442
Troy C. Cleland	2x	Average of last two (2) years	Accrued	818,827
Mike Ridley	1/3 plus 1/12 per year of service ²	Average of last two (2) years	Accrued	175,541
Patrick Melanson	1/3 plus 1/12 per year of service ²	Average of last two (2) years	Accrued	229,657

Notes:

- 1) Equal to salary plus average of the last two years' bonus plus 15% of salary for loss of benefits.
- 2) To a maximum of one times total compensation.
- 3) To a maximum of one week salary.

In the event of a change of control (as defined in the executive employment agreements) of our Company, each of Messrs. Haynes, LaBrie and Cleland has an election within three (3) months to terminate their employment and, provided that they do not remain with our Company as an employee, director or consultant, receive a retiring allowance calculated on the same basis as if employment had been terminated by our Company without just cause. If such executive officers so elect in the three (3)

months following a change of control, they must, if requested by our Company, stay on for up to an additional sixty (60) days at their existing compensation package to assist in the transition of management.

Any retiring allowances paid to the executive officers (regardless of whether before or after a change of control) are net of required withholdings and each executive officer must sign a full and final release, and if they are on our Board must resign if requested to do so.

All of our executive officers have confidentiality obligations after their employment ceases. Messrs. Haynes, LaBrie, Cleland, Ridley and Melanson for one (1) year after their last day of employment cannot, directly or indirectly, entice away any of our employees or consultants.

Upon termination of the employment of Messrs. Haynes, LaBrie, Cleland, Ridley and Melanson, there is no automatic acceleration of vesting, or any other benefit relating to any share options or Incentive Awards which may as at such date be held by Messrs. Haynes, LaBrie, Cleland, Ridley and Melanson, but the share options and Incentive Awards are required to be exercised within a specified period of time upon such individual ceasing to be a service provider.

Incentive Plans

Share Option Plan

Our shareholders last approved the Option Plan at the annual and special meeting of shareholders held on May 14, 2018. The policies of the TSX require that the unallocated options under the Option Plan be approved every three (3) years by our shareholders.

The Option Plan permits the granting of options to our and our subsidiaries' officers, employees, consultants and other service providers. The Option Plan is intended to afford persons who provide services to our Company an opportunity to obtain a proprietary interest in our Company by permitting them to purchase Common Shares and to aid in attracting as well as retaining and encouraging the continued involvement of such persons with our Company. The Option Plan is administered by our CNCGC, provided that our Board has the authority to appoint itself or another committee of our Board to administer the Option Plan.

In 2016, the Board approved amendments to the Option Plan in order to remove non-management directors as eligible participants under the Option Plan going forward in order to align with our Company's philosophy on the compensation of non-management members of the Board. See "Director Compensation". Outstanding options held by non-management members of the Board will continue to be governed in accordance with their terms, however, no further grants of options will be made to non-management directors. Such amendments were of a housekeeping nature and, in accordance with the terms of the Option Plan, did not require shareholder approval.

Pursuant to the Option Plan:

- (a) the maximum number of Common Shares issuable on exercise of options outstanding at any time shall be limited to 10% of the issued and outstanding Common Shares less the number of Common Shares which are issuable pursuant to all other Security Based Compensation Arrangements (as defined in Part VI of the Company Manual of the TSX);
- (b) the number of Common Shares issuable to insiders, at any time, under all Security Based Compensation Arrangements, including the Option Plan, shall not exceed 10% of the issued and outstanding Common Shares; and
- (c) the number of Common Shares issued to insiders, within any one (1) year period, under all Security Based Compensation Arrangements, including the Option Plan, shall not exceed 10% of the issued and outstanding Common Shares.

Any increase in the issued and outstanding Common Shares (whether as a result of the exercise of options or otherwise) will result in an increase in the number of Common Shares that may be issued on exercise of options outstanding at any time and any decrease in the number of options will, upon exercise, make new grants available under the Option Plan. Options that are cancelled, surrendered, terminated or expire prior to the exercise of all or a portion thereof shall result in the Common Shares that were reserved for issuance thereunder being available for a subsequent grant of options pursuant to the Option Plan to the

extent of any Common Shares issuable thereunder that are not issued under such cancelled, surrendered, terminated or expired options.

Options will have a term not to exceed five (5) years and, subject to the terms of the Option Plan, will vest in such manner as determined by our CNCGC. In the absence of any determination by the CNCGC to the contrary, options will vest and be exercisable as to one-third of the number of options granted on each of the first, second and third anniversaries of the date of grant, subject to the acceleration of vesting in the discretion of the CNCGC. Options granted under the Option Plan are non-assignable. If the normal expiry date of any options falls within any black-out period (“**Black-Out Period**”) or within seven (7) business days following the end of any Black-Out Period then the expiry date of such Black-Out Options (the “**Black-Out Options**”), shall, without any further action, be extended to the date that is seven (7) business days following the end of such Black-Out Period. A Black-Out Period means the period of time when, pursuant to any of our policies, none of our securities may be traded by certain persons as designated by us, including any holder of an option.

The exercise price of any options granted under the Option Plan will be determined by our CNCGC at the time of grant, provided that the exercise price shall not be less than the volume weighted average trading price of the Common Shares on the TSX (or other stock exchange on which the Common Shares may be listed) for the five (5) consecutive trading days immediately preceding the date of grant.

Upon the death of an optionee, options terminate on the date determined by our CNCGC which may not be more than twelve (12) months from the date of death. Upon the retirement of an optionee on or after such optionee reaches the age of 65, and in the circumstances determined by the CNCGC to be a “retirement” for the purposes of the Option Plan, outstanding options held by such optionee shall continue to vest and be exercisable and expire in accordance with their terms, provided that such optionee complies with the restrictive covenants set out in the applicable option agreement. If an optionee shall no longer be an officer of or be in the employ of, or a consultant or other service provider to, either our Company or a subsidiary of our Company (other than by reason of death or retirement), their options terminate on the expiry of a period not in excess of six (6) months as determined by our CNCGC at the time of grant, following the date that the optionee ceases to be an officer, or an employee or a consultant or other service provider, either to our Company or a subsidiary of our Company and in the absence of any determination to the contrary, will be sixty (60) days following the termination date. The number of Common Shares that an optionee (or his or her heirs or successors) is entitled to purchase until such date of termination shall be the number of Common Shares which the optionee was entitled to purchase on the date that the optionee ceased to be an officer, employee, consultant or other service provider, as the case may be.

Except in the case of death, the right to receive payment pursuant to an option award granted to an optionee is held only by such optionee personally. Except as otherwise provided in the Option Plan, no assignment, sale, transfer, pledge or charge of an option award, whether voluntary, involuntary, by operation of law or otherwise, vests any interest or right in such option award whatsoever in any assignee or transferee and, immediately upon any assignment, sale, transfer, pledge or charge or attempt to assign, sell, transfer, pledge or charge, such option award shall terminate and be of no further force or effect.

The Option Plan provides optionees with an election, if permitted by our CNCGC, for a cashless exercise (“**Cashless Exercise**”) of an optionee’s vested and exercisable options. If an optionee elects a Cashless Exercise the optionee shall surrender its options in exchange for the issuance by our Company of that number of Common Shares equal to the number determined by dividing the difference between the Market Price per share as defined in the Option Plan (calculated as at the date of exercise) and the exercise price of such option by the Market Price per share (calculated as at the date of exercise). In addition, the Option Plan also provides that an optionee has the right to make an offer (the “**Surrender Offer**”) to our Company to surrender any of the options held by such person for an amount (not to exceed the fair market value) specified therein by the optionee and we may, but are not obligated to, accept the Surrender Offer, subject to any regulatory approval required.

The Option Plan provides that in the case of a merger, amalgamation or certain other transactions or a take-over bid approved by our Board, we have the right to satisfy any obligations to an optionee in respect of any unexercised options by paying to the optionee a cash amount equal to the difference between the exercise price of all unexercised options held and the fair market value of the securities which the optionee would have been entitled to receive on exercise thereof.

Without the prior approval of our shareholders, as may be required by an applicable stock exchange, our CNCGC may not make any amendment to the Option Plan or options granted thereunder to (i) increase the percentage of Common Shares issuable on exercise of outstanding options at any time; (ii) reduce the exercise price of any outstanding options or in respect of the cancellation or re-issue of options; (iii) extend the term of any outstanding option beyond the original expiry date of such option

unless such extension is due to a Black-Out Period being in effect; (iv) increase the maximum limit on the number of securities that may be issued to insiders; (v) increase the limits on grants of options to non-management directors; (vi) change participants eligible to receive options under the Option Plan to permit the introduction or re-introduction of non-management directors; (vii) permit an optionee to transfer or assign options to a new beneficial holder, other than for estate settlement purposes; or (viii) amend the restrictions on amendments that are provided in the Option Plan. Subject to the restrictions set out above, the CNCGC may amend or discontinue the Option Plan and options granted thereunder without shareholder approval including, without limitation, amendments of a “housekeeping nature”; amendments in respect of vesting or the period of exercise following the death of an optionee or the termination date of an optionee provided any amendment to the Option Plan that requires approval of any stock exchange on which the Common Shares are listed for trading may not be made without approval of such stock exchange. In addition, no amendment to the Option Plan or options granted pursuant to the Option Plan may be made without the consent of the optionee, if it adversely alters or impairs any option previously granted to such optionee.

As of December 31, 2018, there were options to acquire 2,722,000 Common Shares outstanding, representing approximately 4.90% of our outstanding Common Shares on such date. All options currently outstanding under the Option Plan expire five (5) years from the date of the grant and generally vest over three (3) years commencing one (1) year after the date of grant subject to accelerated vesting in the discretion of the CNCGC.

Restricted and Performance Award Incentive Plan

Our shareholders last approved the issuance of Common Shares from treasury pursuant to the Award Plan at the annual and special meeting of shareholders held on May 14, 2018. The Award Plan provides for the granting of Incentive Awards to officers, employees and other service providers of our Company and our affiliates (collectively, “**Service Providers**”). The policies of the TSX require that the unallocated Incentive Awards under the Award Plan be approved every three (3) years by our shareholders.

Similar to the Option Plan, in 2016 the Board approved amendments to the Award Plan in order to remove non-management directors as Service Providers under the Award Plan going forward in order to align with our Company’s philosophy on the compensation of non-management members of the Board. See “Director Compensation”. Outstanding Incentive Awards held by non-management members of the Board will continue to be governed in accordance with their terms, however, no further grants of Incentive Awards will be made to non-management directors. Such amendments were of a housekeeping nature and, in accordance with the terms of the Award Plan, did not require shareholder approval.

Overview

The following is a summary of the material features of the Award Plan and is subject to the provisions of the Award Plan. Shareholders should refer to the full text of the Award Plan for the detailed terms thereof.

The principal purposes of the Award Plan are to: (i) provide a competitive compensation plan to retain and attract qualified Service Providers that our Company and our affiliates require; (ii) promote a proprietary interest in our Company by such Service Providers and to encourage such persons to remain in the employ or service of our Company and our affiliates and put forth maximum efforts for the success of the business of our Company and our affiliates; and (iii) focus management of our Company and our affiliates on operating and financial performance and return realized by shareholders.

The Award Plan is administered by our CNCGC, provided that our Board has the authority to appoint itself or another committee of our Board to administer the Award Plan.

Under the terms of the Award Plan, any eligible Service Provider may be granted Restricted Awards, Performance Awards or a combination thereof. In determining the Service Providers to whom Incentive Awards may be granted (“**Grantees**”), the number of Incentive Awards and the allocation of the Incentive Awards between Restricted Awards and Performance Awards, the CNCGC may take into account such factors as it shall determine in its sole discretion, including any one or more of the following factors: (i) compensation data for comparable benchmark positions among the peer comparison group or among other comparison groups; (ii) the duties, responsibilities, position and seniority of the Grantee; (iii) the corporate performance measures for the applicable period compared with internally established performance measures approved by our CNCGC and/or similar performance measures of members of the peer comparison group or other comparison groups for such period; (iv) the individual contributions and potential contributions of the Grantee to the success of our Company; (v) any bonus payments paid or to be

paid to the Grantee in respect of his or her individual contributions and potential contributions to the success of our Company; (vi) the fair market value or current market price of the Common Shares at the time of grant of such Incentive Award; and (vii) such other factors as our CNCGC shall deem relevant in its sole discretion in connection with accomplishing the purposes of the Award Plan.

Restricted Awards

Subject to the terms and conditions of the Award Plan, Restricted Awards will entitle the holder to a sum (an “**Award Value**”) to be paid on the applicable payment date(s) as determined by our CNCGC. In the case of Restricted Awards, the Award Value is calculated at the payment date(s) by multiplying the number of Restricted Awards, as may be adjusted by the Adjustment Ratio (as defined below), by the fair market value of the Common Shares. The fair market value is determined on the applicable payment date as the volume weighted average trading price of the Common Shares on the TSX (or other stock exchange on which the Common Shares may be listed) for the five (5) trading days immediately preceding such date.

For purposes of the Award Plan, the “**Adjustment Ratio**” means the ratio used to adjust the number of Incentive Awards on which payment shall be based on the applicable payment date pertaining to such Incentive Award determined in accordance with the Award Plan. In respect of each Incentive Award, the Adjustment Ratio shall initially be equal to one (1) and shall be cumulatively adjusted by increasing the Adjustment Ratio on each dividend payment date of our Company, if applicable, effective on the day following the dividend record date, by an amount equal to a fraction, having as its numerator the dividend paid on the dividend payment date (expressed as an amount per Common Share) and having as its denominator the reinvestment price (expressed as an amount per Common Share) paid by participants in our dividend reinvestment plan, if any, to reinvest their dividends in additional Common Shares on a dividend payment date, provided that, if our Company has suspended the operation of such plan or does not have such plan, the reinvestment price shall be the fair market value of the Common Shares on the trading day immediately preceding the dividend payment date.

Performance Awards

Subject to the terms and conditions of the Award Plan, Performance Awards will entitle the holder to the Award Value to be paid on the applicable payment date(s) as determined by our CNCGC. On each payment date, or such other dates as may be determined by the CNCGC, the holder will be entitled to an amount equal to the portion of the Award Value as determined by the CNCGC on the date of grant underlying such Performance Awards, as may be adjusted by the Adjustment Ratio, multiplied by a payout multiplier.

The payout multiplier is determined by our CNCGC based on an assessment of the achievement of the pre-defined corporate performance measures in respect of the applicable period. Corporate performance measures may include: relative total shareholder return; the financial performance or results of our Company and our affiliates; key leading and lagging indicators of health, safety and environmental performance of our Company and our affiliates; achievement of our Company’s full year budget targets and the execution of our Company’s strategic plan as determined by the CNCGC in its sole discretion; and such additional measures as the CNCGC, in its sole discretion, shall consider appropriate in the circumstances. The payout multiplier for a particular period can be one of 0x (for fourth quartile ranking), 1x (for third quartile ranking), 1.5x (for second quartile ranking) or 2x (for first quartile ranking). Annually, prior to the payment date in respect of any Performance Award, our CNCGC shall assess the performance of our Company for the applicable period. Unless otherwise determined by the CNCGC, for those Performance Awards where the payment date is the second or third anniversary of the grant date, the payout multiplier will be the arithmetic average of the payout multiplier for each of the two (2) or three (3) performance assessment periods, respectively.

Change of Control

In the event of a “Change of Control” of our Company, the payment date(s) applicable to all outstanding Incentive Awards will be accelerated such that the balance of the Award Value attaching to such Incentive Awards will be paid immediately prior to the date upon which the Change of Control is completed and the payout multiplier applicable to any Performance Awards shall be determined by our CNCGC.

Method of Payment of Award Value

On the applicable payment date, our Company, at its sole and absolute discretion, shall have the option of settling the Award Value to which the holder of Incentive Awards is entitled in the form of either cash or in Common Shares which may either be acquired by our Company on the stock exchange on which the Common Shares may be listed from time to time or issued from the treasury of our Company, or some combination thereof.

The Award Plan does not contain any provisions for financial assistance by our Company in respect of Incentive Awards granted thereunder.

Maximum Dilution and Other Limitations

The Award Plan provides that the maximum number of Common Shares available for issuance from treasury of our Company under all security based compensation arrangements (of which the Option Plan is included), including pursuant to outstanding Incentive Awards, at any time shall not exceed 10% of the number of issued and outstanding Common Shares. Incentive Awards (or the Award Value thereof) that are cancelled, surrendered, terminated or expired prior to the final payment date or in respect to which our Company has not elected to issue Common Shares from treasury in respect thereof, shall result in such Common Shares being available to be issued, at the election of our Company, in respect of a subsequent grant of Incentive Awards pursuant to the Award Plan to the extent of any Common Shares which were not issued from treasury in respect of such Incentive Award. In addition: (i) the number of Common Shares that are available to be issued from treasury of our Company to insiders at any time, under all security based compensation arrangements of our Company, shall not exceed 10% of the issued and outstanding Common Shares; and (ii) the number of Common Shares issued to insiders from treasury of our Company, within any one (1) year period, under all security based compensation arrangements of our Company, including the Award Plan, shall not exceed 10% of the issued and outstanding Common Shares.

The expiry date of all Incentive Awards granted pursuant to the Award Plan is December 15th of the third calendar year following the calendar year in which the Incentive Award was granted.

Blackout Extension

If a Grantee is prohibited from trading in securities of our Company as a result of the imposition by our Company of a Black-Out Period and the payment date of an Incentive Award held by such Grantee falls within a Black-Out Period, then the payment date of such Incentive Award shall be extended to a date which is ten (10) business days following the end of such Black-Out Period, unless such extension would cause the payment date to extend beyond the expiry date, in which case the payment date shall remain on the expiry date notwithstanding the Black-Out Period.

Early Termination Events

Unless otherwise determined by the CNCGC or unless otherwise provided in an incentive award agreement pertaining to a particular Incentive Award or any written employment or consulting agreement governing a Grantee's role as a Service Provider, the following provisions shall apply in the event that a Grantee ceases to be a Service Provider:

- (a) **Death** – If a Grantee ceases to be a Service Provider as a result of the Grantee's death, the payment date(s) for all Incentive Awards awarded to such Grantee under any outstanding incentive award agreements shall be accelerated to the cessation date, the heirs or successors of the Grantee shall be entitled to receive payment with respect to the Incentive Awards held by the Grantee at the time of death and the payout multiplier to be applied to any Performance Awards held by the Grantee at the time of death shall be determined by the CNCGC.
- (b) **Termination for Cause** – If a Grantee ceases to be a Service Provider as a result of termination for cause, effective as of the cessation date all outstanding incentive award agreements under which Incentive Awards have been made to such Grantee, whether Restricted Awards or Performance Awards, in respect of which the Award Value thereof for which the payment date shall not have occurred on or before the cessation date shall be immediately terminated and all rights to receive payments thereunder shall be forfeited by the Grantee.

- (c) Voluntary Resignation – If a Grantee ceases to be a Service Provider as a result of a voluntary resignation (other than in circumstances constituting retirement as described below), effective as of the cessation date, all outstanding incentive award agreements under which Incentive Awards have been made to such Grantee, whether Restricted Awards or Performance Awards, in respect of which the Award Value thereof for which the payment date shall not have occurred on or before the cessation date shall be immediately terminated and all rights to receive payments thereunder shall be forfeited by the Grantee.
- (d) Retirement – If a Grantee ceases to be a Service Provider as a result of a such Grantee’s retirement once he or she reaches the age of 65, and in the circumstances determined by the CNCGC to be a “retirement” for the purposes of the Award Plan, all Incentive Awards awarded to such Grantee under any outstanding incentive award agreements, whether Restricted Awards or Performance Awards, shall remain outstanding and continue to vest and payout in accordance with their terms as if the Grantee had remained employed, provided that the Grantee complies with the restrictive covenants set out in the applicable incentive award agreements.
- (e) Other Termination – If a Grantee ceases to be a Service Provider for any reason other than as provided for in (a), (b), (c) and (d) above, effective as of the cessation date, all outstanding incentive award agreements under which Incentive Awards have been made to such Grantee, whether Restricted Awards or Performance Awards, in respect of which the Award Value thereof for which the payment date shall not have occurred on or before the cessation date shall be terminated and all rights to receive payment thereunder shall be forfeited by the Grantee.
- (f) Extension of Expiration Period – Subject to Section 10 of the Award Plan, our CNCGC may, in its sole discretion, determine that the dates for termination of the incentive award agreements or Incentive Awards set forth in (a), (b), (c), (d) and (e) above shall be extended, provided such extension shall not be past the expiry date.

Non-Transferability

Except in the case of death, the right to receive payment pursuant to an Incentive Award granted to a Service Provider is held only by such Service Provider personally. Except as otherwise provided in the Award Plan, no assignment, sale, transfer, pledge or charge of an Incentive Award, whether voluntary, involuntary, by operation of law or otherwise, vests any interest or right in such Incentive Award whatsoever in any assignee or transferee and, immediately upon any assignment, sale, transfer, pledge or charge or attempt to assign, sell, transfer, pledge or charge, such Incentive Award shall terminate and be of no further force or effect.

Amendment Provisions

Our CNCGC may not, without the approval of shareholders of our Company, make any amendments to:

- (a) increase the percentage of Common Shares reserved for issuance pursuant to Incentive Awards in excess of the 10% limit prescribed the Award Plan;
- (b) increase the maximum limit on the number of Common Shares that may be issued from treasury to insiders pursuant to the Award Plan;
- (c) increase the maximum number of Common Shares that may be issued from treasury to non-management directors pursuant to the Award Plan;
- (d) extend the definition of Service Providers pursuant to the Award Plan beyond the current definition, including the introduction or re-introduction of non-management directors as Service Providers;
- (e) extend the payment date of any Incentive Awards issued under the Award Plan beyond the latest payment date specified in the incentive award agreement (other than as permitted by the terms and conditions of the Award Plan) or extend the term beyond the original expiry date;
- (f) permit a Grantee to transfer or assign Incentive Awards to a new beneficial holder other than for estate settlement purposes; and

(g) change the amendment provisions of the Award Plan.

Except as restricted by the foregoing, our CNCGC may amend or discontinue the Award Plan or Incentive Awards granted thereunder at any time without shareholder approval provided that any amendment to the Award Plan that requires approval of any stock exchange on which the Common Shares are listed for trading may not be made without approval of such stock exchange. In addition, no amendment to the Award Plan or Incentive Awards granted pursuant to the Award Plan may be made without the consent of the Grantee, if it adversely alters or impairs any Incentive Awards previously granted to such Grantee under the Award Plan.

As of December 31, 2018, there were 879,000 Incentive Awards outstanding, representing approximately 1.58% of our outstanding Common Shares on such date.

Securities Authorized for Issuance Under Equity Compensation Plans

The following sets forth information in respect of securities authorized for issuance under the Option Plan and the Award Plan, which are our only equity compensation plans that provide for the issuance of Common Shares from treasury, as at December 31, 2018.

Plan Category	Number of securities to be issued upon exercise of outstanding options, warrants and rights (a)	Weighted average exercise price of outstanding options, warrants and rights (b)	Number of securities remaining available for future issuance under equity compensation plans (excluding securities reflected in column (a)) (c)
Equity compensation plans approved by securityholders ⁽¹⁾			1,953,377 Common Shares ⁽²⁾
Share Option Plan	2,722,000 Common Shares	\$4.53 per Common Share	
Award Plan	879,000	Not applicable	
Equity compensation plans not approved by securityholders	Nil	Not applicable	Nil
Total	3,601,000 Common Shares ⁽³⁾		1,953,377 Common Shares

Notes:

- (1) Our shareholders last approved the unallocated options under the Option Plan and the issuance of Common Shares from treasury pursuant to our Award Plan at the annual and special meeting of shareholders on May 14, 2018.
- (2) The Option Plan and the Award Plan currently authorize the issuance of options and Incentive Awards entitling the holders to acquire, in the aggregate, up to 10% of the issued and outstanding Common Shares from time to time. See “Share Option Plan” and “Restricted and Performance Award Incentive Plan”.
- (3) This represents approximately 6.48% of the issued and outstanding Common Shares resulting in 3.52% of the Common Shares available for issuance at December 31, 2018.

Annual Burn Rate for Equity Compensation Plans

The following sets forth information in respect of the annual burn rate for awards made under the Option Plan and the Award Plan, which are our only equity compensation plans that provide for the issuance of Common Shares from treasury. As discussed earlier, this table shows the *theoretical dilution* to shareholders, however, over the past two (2) years, *actual dilution to shareholders has been nil during this time period* as Incentive Awards and options grants have been either offset by out of the money or expired options.

Annual Equity based Incentive Burn Rate	2016	2017	2018
Share Options Granted	492,000	1,397,000	699,000
Share Award Plan Units Granted	164,000	465,667	473,000
Weighted Average Shares Outstanding	43,107,000	52,857,000	55,078,000
Resulting Share Option Plan Burn Rate	1.1%	2.6%	1.3%
Resulting Share Award Plan Burn Rate	0.4%	0.9%	0.9%

Going forward, our Company's theoretical burn rate should decrease as we integrate more Incentive Awards into our compensation program. Our Company has also begun to determine annual award amounts based on a percentage of total shares outstanding, versus target value, which allows for more prudent management of the number of shares remaining for issuance under the Option Plan and the Award Plan, including more control of the annual burn rate.

DIRECTOR COMPENSATION

Our CNCGC, from time to time, conducts a review of directors' compensation for board and committee service and recommends changes to our Board where appropriate. Our Board considers and approves the adequacy and form of the compensation of directors upon recommendation of our CNCGC and ensures the compensation realistically reflects the responsibilities and time involved in being an effective director.

Director compensation includes a base retainer and participation in our Company's deferred share unit plan ("**DSU Plan**"). On March 2, 2016, upon recommendation of the CNCGC, our Board approved the adoption of the DSU Plan to deliver equity-based compensation to directors who are also not full-time employees of our Company. Effective March 2, 2016, non-management directors were entitled to participate in the DSU Plan and were no longer eligible to participate in the Option Plan or the Award Plan. The Board approved formal amendments to each the Option Plan and Award Plan to formally reflect such decision of the Board. DSUs which are granted or credited to a non-management director pursuant to the DSU Plan are paid out, in either cash and/or Common Shares purchased by our Company on the TSX, after the director ceases to be a member of our Board. The value of a DSU is based on the then market value of a Common Share of our Company.

During the year ended December 31, 2018, our non-management directors were each paid an annual retainer in the amount of \$45,000 and an annual fee of either \$3,000 or \$5,000 for a committee of our Board in which they participated. The Chairman of our Audit Committee was paid an additional annual retainer in the amount of \$12,000 and the Chairman of the CNCGC, as well as the Lead Director of our Company, were paid an additional annual retainer in the amount of \$8,000. In addition, the directors were reimbursed for their reasonable expenses incurred in carrying out their duties as directors. The non-management directors were entitled to participate in the DSU Plan. During the fiscal year ended December 31, 2018, the non-management directors were each awarded an annual grant of 7,500 DSUs.

DSU Plan

The DSU Plan is intended to achieve the following objectives:

- to promote a greater alignment of interests between non-management directors of our Company and our shareholders by providing a means to accumulate a meaningful financial interest in our Company that is commensurate with the responsibility, commitment and risk of directors;

- to support a compensation plan that is competitive and rewards the long-term success of our Company as measured in total shareholder return for our Company; and
- to assist our Company's ability to attract and retain qualified individuals with the experience and ability to serve as directors.

Under the DSU Plan, DSUs are granted by our Company to non-management directors that provide rights to receive, on a deferred payment basis, a cash payment based on the volume weighted average trading price of our Common Shares on the TSX for the five (5) trading days immediately preceding the day of payment. Management directors are not eligible to participate in the DSU Plan. In addition to an annual grant of DSUs, the DSU Plan also provides that non-management directors may from time to time elect to receive any portion of their annual Board member retainer and other fees, in increments of 25%, in the form of DSUs. A director wishing to receive such remuneration in the form of DSUs must elect to do so by notice to our Company prior to the commencement of the year in respect of which the remuneration is to be earned and may only change such election on a once yearly basis for each subsequent year. A director's remuneration elected to be received in the form of DSUs (if any) is referred to as the "**Deferred Remuneration**". Our Company credits DSUs in respect of Deferred Remuneration to a director's account on the date that the director's Deferred Remuneration would otherwise be payable. The number of DSUs to be credited is determined by dividing the amount of the Deferred Remuneration by the volume weighted average trading price of our Common Shares on the TSX for the five (5) trading days immediately preceding the date the DSUs are credited.

Annual and discretionary DSUs granted by our Board vest on the dates determined by the CNCGC, while DSUs granted as Deferred Remuneration vest immediately upon being credited to a director's account; however, a director is not entitled to receive payment of any amount for DSUs credited to his or her account until following that director's retirement from all positions with our Company, or where a director has (except as a result of death) otherwise ceased to hold any positions with our Company. Following such termination of services, all DSUs credited to the director's account and vested will be redeemed by our Company as of the maturity date, being December 1 of the calendar year immediately following the year in which the termination of service occurred or such earlier date(s) following the termination of services as elected by the director by notice to our Company (either such date, the "**Maturity Date**"). For directors who are US taxpayers, the Maturity Date is deemed to be the date on which the termination of service occurred.

A director is not entitled to receive any amount prior to his or her Maturity Date. Within ten (10) calendar days following the Maturity Date, our Company will make a lump sum cash payment, net of any applicable withholdings, to the director equal to the number of DSUs credited to the director's account as of the date of termination of such director's services, multiplied by the volume weighted average trading price of our Common Shares on the TSX for the five (5) trading days immediately preceding the Maturity Date.

If a director dies while in office or after ceasing to hold all positions with our Company but before the Maturity Date, our Company will, within ninety (90) days of the date of death, make a lump sum cash payment to the director's estate in an amount equal to the number of DSUs credited to the director's account as of the date of death multiplied by the volume weighted average trading price of our Common Shares on the TSX for the five (5) trading days immediately preceding the date of death.

The Board may elect to deliver Common Shares acquired by our Company on the TSX in satisfaction in whole or in part of any payment to be made upon the redemption of DSUs, in which case such number of Common Shares shall be issued equal to the number of DSUs in the director's account on the date of termination of the directors' services to our Corporation or the date of death of the director, as applicable.

If dividends are paid on the Common Shares, additional DSUs are credited to the director's account as of the dividend payment date, based on the dollar amount of the dividends notionally payable in respect of such number of DSUs in the director's account on the dividend payment date, divided by the volume weighted average trading price of the Common Shares on the TSX for the five (5) trading days immediately preceding the dividend payment date.

Notes:

- (1) Mr. McRae retired from the Board effective May 14, 2018.
- (2) Includes \$15,000 of fees which we paid Mr. Olsson and US\$7,500 of fees which we paid Ms. Kelley for serving as a director of certain of our subsidiaries.
- (3) The compensation reported under share-based awards is the value of DSUs granted in the year ended December 31, 2018. The value of DSUs is based on the number of DSUs granted multiplied by the volume weighted average price per Common Share on the TSX for the five (5) trading days prior to the date of grant and does not include the value of reinvested dividends. This methodology for calculating the fair value of the DSU awards on the grant date is consistent with the initial fair value determined in accordance with IFRS 2.
- (4) No option-based awards were made to non-management directors in 2018.
- (5) In addition, our directors were reimbursed for transportation and other expenses incurred for attendance at Board and committee meetings and for their reasonable expenses incurred in carrying out their duties as directors.
- (6) S.S. Madison Holdings, a company owned and controlled by Mr. Stein, was paid \$77,319 in consulting fees in fiscal 2018 for services in support of commercial efforts for our Company.
- (7) Compensation information for Trevor Haynes, a director of our Company, who was a Named Executive Officer in fiscal 2018 is contained in "Statement of Executive Compensation". Mr. Haynes does not receive any compensation for serving as a member of the Board.

Non-Management Director Share Ownership Guidelines

In April 2018, our Company implemented ownership requirements for non-management directors under the Mandatory Equity Ownership Policy.

Each non-management director of the Corporation is now required to own Common Shares or DSUs having a value equal to at least three (3) times the annual base cash retainer, to be achieved within five (5) years from the date of inception of the policy, or the date a non-management director is elected or appointed to the Board. The value held shall be determined each year, based on the greater of the initial acquisition cost of the Common Shares and/or DSUs and the then market price of the Common Shares on the TSX. Options do not count toward the director's equity ownership requirement. If the annual base cash retainer is increased, each director is required to achieve the increased minimum equity ownership level within two (2) years of the effective date of such increase. Each director shall continue to hold such value throughout his or her tenure as a director and the Common Shares, DSUs or similar share equivalent of the Corporation held to comply with the Equity Ownership Requirement shall not be the object of specific monetization procedures or other hedging procedures to reduce or offset a decrease in the market value of his or her holding, either directly or indirectly. Additional details of the policy and of our directors' progress around ownership guidelines are presented on the following page for directors of our Company on the Board as of March 29, 2019.

Position	Name	# of Common Shares	# of DSUs	Ownership Requirement (Multiple of Retainer)	Current Market Value ⁽¹⁾	Meets Share Ownership Requirement ⁽²⁾
Lead Director	Robert Wagemakers	648,511	25,813	3x	\$1,213,783	Yes

Director	Barbara J. Kelley	-	25,759	3x	\$46,366	No
Director	Edward H. Kernaghan	6,535,800	15,000	3x	\$11,791,440	Yes
Director	Steven Stein	1,012,780	20,233	3x	\$1,859,423	Yes

Note:

(1) Calculated based on the closing price of the Common Shares on the TSX on March 29, 2019, which was \$1.80 per Common Share.

(2) Any current director that does not meet the requirements of the Mandatory Equity Ownership Policy has until April 2023 to comply.

As with our NEOs, the current market value of our directors' shareholdings have declined in line with our shareholders' experience over the past several years.

CORPORATE GOVERNANCE DISCLOSURE

National Instrument 58-101 – *Disclosure of Corporate Governance Practices* (“**NI 58-101**”) requires that if management of an issuer solicits proxies from its securityholders for the purpose of electing directors that certain prescribed disclosure respecting corporate governance matters be included in its information circular. The TSX also requires listed companies to provide, on an annual basis, the corporate governance disclosure which is prescribed by NI 58-101.

The prescribed corporate governance disclosure for our Company is that contained in Form 58-101F1 which is attached to NI 58-101 (“**Form 58-101F1 Disclosure**”).

Set out below is a description of our current corporate governance practices, relative to the Form 58-101F1 Disclosure (which is set out below in bold).

1. Board of Directors

(a) Disclose the identity of directors who are independent.

Our Board has determined that our following six (6) directors are independent (for purposes of NI 58-101):

Robert J. Herdman
 Minaz Kassam ⁽¹⁾
 Barbara J. Kelley
 Edward H. Kernaghan
 David Olsson
 Robert Wagemakers

Note:

(1) Mr. Kassam is retiring from our Board effective May 21, 2019.

(b) Disclose the identity of directors who are not independent, and describe the basis for that determination.

Our Board has determined that two (2) members of our Board are not independent. Our Board has determined that Trevor Haynes is not independent as Mr. Haynes is our President and Chief Executive Officer and Steven Stein is not independent as Mr. Stein was President, Logistics of our Company until December 31, 2016.

(c) Disclose whether or not a majority of directors are independent. If a majority of directors are not independent, describe what the board of directors (the “Board”) does to facilitate its exercise of independent judgement in carrying out its responsibilities.

Our Board has determined that a majority (six (6) of the eight (8)) of our directors are independent. Assuming the seven (7) director nominees are elected to our Board at the Meeting, our Board would continue to have a majority (five (5) of the seven (7)) of independent directors.

(d) If a director is presently a director of any other issuer that is a reporting issuer (or the equivalent) in a jurisdiction or a foreign jurisdiction, identify both the director and the other issuer.

Our following directors are presently directors of other issuers that are reporting issuers (or the equivalent):

If the independent directors hold such meetings, disclose the number of meetings held since the beginning of the issuer’s most recently completed financial year. If the independent directors do not hold such meetings, describe what the board does to facilitate open and candid discussion among its independent directors.

Our independent directors regularly meet for a portion of each Board meeting without non-independent directors and management participation and have met *in camera* six (6) times since the beginning of the fiscal year ended December 31, 2018.

(f) Disclose whether or not the chair of the board is an independent director. If the board has a chair or lead director who is an independent director, disclose the identity of the independent chair or lead director, and describe his or her role and responsibilities. If the board has neither a chair that is independent nor a lead director that is independent, describe what the board does to provide leadership for its independent directors.

 - (viii) When required the Lead Director shall also liaise with our Corporate Secretary to ensure that a proper notice and agenda has been disseminated, and that appropriate accommodations have been made for the specific Board meeting.
 - (ix) The Lead Director shall be the primary contact for stakeholders who wish to contact independent directors.
- (g) **Disclose the attendance record of each director for all board meetings held since the beginning of the issuer's most recently completed financial year.**

descriptions. In addition, management will make a presentation to new directors regarding the nature and operations of our business.

- (b) **Briefly describe what measures, if any, the board takes to provide continuing education for its directors. If the board does not provide continuing education, describe how the board ensures that its directors maintain the skill and knowledge necessary to meet their obligations as directors.**

No formal continuing education program currently exists for our directors; however, we encourage our directors to attend, enrol or participate in courses and/or seminars dealing with financial literacy, corporate governance and related matters and have agreed to pay the cost of such courses and seminars. Each of our directors has the responsibility for ensuring that he or she maintains the skill and knowledge necessary to meet his or her obligations as a director. Individual directors are encouraged to identify their continuing education needs through a variety of means, including discussions with management and at Board and committee meetings.

5. Ethical Business Conduct

- (a) **Disclose whether or not the board has adopted a written code for the directors, officers and employees. If the board has adopted a written code:**

- (i) **disclose how a person or company may obtain a copy of the code;**

Our Board has adopted a Code of Business Conduct and Ethics (the “Code”) applicable to our directors, officers and employees. A copy of the Code is available for review on our website at www.blackdiamondgroup.com and under our profile on SEDAR at www.sedar.com.

- (ii) **describe how the board monitors compliance with its code, or if the board does not monitor compliance, explain whether and how the board satisfies itself regarding compliance with its code; and**

Our Board monitors compliance with the Code by requiring each of our senior officers to affirm in writing on an annual basis their agreement to abide by the Code, as to their ethical conduct and in respect of any conflicts of interest. To the extent that our management is unable to make a determination as to whether a breach of the Code has taken place, our Board will review any alleged breach of the Code to determine whether a breach has occurred. Any waiver of the Code for executive officers or directors will be made only by our Board or a committee of our Board. In addition, our CNCGC has, as part of its mandate, the responsibility for reviewing management’s monitoring of our compliance with the Code.

- (iii) **provide a cross-reference to any material change report filed since the beginning of the issuer’s most recently completed financial year that pertains to any conduct of a director or executive officer that constitutes a departure from the code.**

There have been no material change reports filed since the beginning of the year ended December 31, 2018, that pertain to any conduct of a director or executive officer that constitutes a departure from the Code.

- (b) **Describe any steps the board takes to ensure directors exercise independent judgement in considering transactions and agreements in respect of which a director or executive officer has a material interest.**

In accordance with the *Business Corporations Act* (Alberta), directors who are a party to or are a director or an officer of a person who is a party to a material contract or material transaction or a proposed material contract or proposed material transaction are required to disclose the nature and extent of their interest and not to vote on any resolution to approve the contract or transaction. Our Code provides that activities that could give rise to conflicts of interest are prohibited unless specifically approved in advance by our Board; provided that the

foregoing shall not apply to our directors who act as directors of other public or private companies who shall comply with the provisions of the *Business Corporations Act* (Alberta) in respect thereof and shall advise the Lead Director of our Board of the holding of such directorships. Our Code provides that any potential conflicts of interest must be reported immediately to senior management, our Board or the Lead Director of our Board, as appropriate.

(c) **Describe any other steps the board takes to encourage and promote a culture of ethical business conduct.**

Our Audit Committee has adopted a “Whistleblower Program” which provides our employees, management, officers, directors, contractors, consultants and our committee members with the ability to report, on a confidential and anonymous basis, any complaints and concerns regarding accounting, internal auditing controls or auditing matters, including, but not limited to, unethical and unlawful accounting and auditing policies, practices or procedures, fraudulent or misleading financial information and instances of corporate fraud. Our Board believes that providing a forum for such individuals to raise concerns about ethical conduct and treating all complaints with the appropriate level of seriousness fosters a culture of ethical conduct within us.

6. Nomination of Directors

(a) **Describe the process by which the board identifies new candidates for board nomination.**

Our Board has delegated responsibility to our CNCGC to recommend to our Board suitable candidates as nominees for election or appointment as directors. Our CNCGC reviews the makeup of the Board and its committees annually and is responsible for identifying and recommending to our Board new candidates to the Board. Our CNCGC considers the skills, experience, strengths, knowledge and constitution of the members of the Board and the CNCGC’s perception of the needs of our Company. Some of the key competencies that our Company believes directors should have are: corporate executive experience, relevant industrial sector operational experience, financial acumen, and knowledge in the areas of compensation, governance, strategy development, technology and health, safety and environment. Character and behavioural qualities including credibility, integrity and communication skills are also important attributes taken into account when recruiting new directors.

(b) **Disclose whether or not the board has a nominating committee composed entirely of independent directors. If the board does not have a nominating committee composed entirely of independent directors, describe what steps the board takes to encourage an objective nomination process.**

Our Board has appointed a CNCGC whose members are David Olsson (Chairman), Robert Wagemakers and Barbara J. Kelley, each of whom has been determined to be independent.

(c) **If the board has a nominating committee, describe the responsibilities, powers and operation of the nominating committee.**

Our CNCGC has, as part of its mandate, the responsibility for recommending suitable candidates as nominees for election or appointment as directors, and recommending the criteria governing the overall composition of our Board and governing the desirable individual characteristics for directors.

Pursuant to the mandate of our CNCGC, the committee is to be comprised of at least three (3) of our directors and all of such members shall be independent. Our Board is from time to time to designate one (1) of the members of the committee to be the Chair of the committee. At present, the Chairman of our CNCGC is David Olsson.

Our CNCGC considers the skill set of the Board when considering new candidates. On an annual basis, Board members are required to complete a “Skills Matrix” where they rate their knowledge and abilities as outlined against the skill set described in (a) above.

The Board and the CNCGC review the experience, qualifications and skills of our directors each year to ensure that the composition of the Board and its committees and the competencies and skills of the members are in line with those that the CNCGC considers that the Board and respective committees should possess.

This matrix is maintained to identify areas for strengthening the Board, if any, and address them through the recruitment of new members.

Our CNCGC maintains a list of potential directors but also has the authority to hire an external search firm when deemed necessary to access a broader pool of director candidates. Our CNCGC also reviews the list of directors to be nominated for election at the annual meeting of shareholders and recommends such nominees for approval by the Board.

7. Compensation

- (a) **Describe the process by which the board determines the compensation for the issuer’s directors and officers.**

See the disclosure under the heading “Director Compensation” for the process by which the compensation for our directors is determined. See the disclosure under the heading “Compensation Discussion and Analysis” for the process by which the compensation for our officers is determined.

- (b) **Disclose whether or not the board has a compensation committee composed entirely of independent directors. If the board does not have a compensation committee composed entirely of independent directors, describe what steps the board takes to ensure an objective process for determining such compensation.**

Our Board has appointed a CNCGC whose members are David Olsson (Chairman), Robert Wagemakers and Barbara J. Kelley each of whom has been determined to be independent.

- (c) **If the board has a compensation committee, describe the responsibilities, powers and operation of the compensation committee.**

See the disclosure under the heading “Compensation Governance – Mandate and Terms of Reference of our CNCGC” for a description of the responsibilities, powers and operations of our CNCGC.

8. Other Board Committees

If the board has standing committees other than the audit, compensation and nominating committees, identify the committees and describe their function.

Our Board has created a CNCGC which, as part of its mandate, has the responsibility for developing our approach to matters concerning corporate governance and, from time to time, shall review and make recommendations to our Board as to such matters. Without limiting the generality of the foregoing, our CNCGC has the following corporate governance duties:

- (i) to annually review the mandates of our Board and its committees and recommend to our Board such amendments to those mandates as the committee believes are necessary or desirable;
- (ii) to consider and, if thought fit, approve requests from directors or committees of directors of the engagement of special advisors from time to time;
- (iii) to prepare and recommend to our Board annually a statement of corporate governance practices to be included in our annual report or information circular as required by all of the stock exchanges on which our shares are listed and any other regulatory authority;

- (iv) to make recommendations to our Board as to which directors should be classified as “independent directors”, “related” directors or “unrelated” directors pursuant to any such report or circular;
- (v) to review on a periodic basis the composition of our Board and ensure that an appropriate number of independent directors sit on our Board, analyzing the needs of our Board and recommending nominees who meet such needs;
- (vi) to assess, at least annually, the effectiveness of our Board as a whole, the committees of our Board and the contribution of individual directors (including the competencies and skills that each individual director is expected to bring to our Board), including considering the appropriate size of our Board;
- (vii) to act as a forum for concerns of individual directors in respect of matters that are not readily or easily discussed in a full Board meeting, including the performance of management or individual members of management or the performance of our Board or individual members of our Board;
- (viii) to develop and recommend to our Board for approval and periodically review structures and procedures designed to ensure that our Board can function effectively and independently of management;
- (ix) to make recommendations to our Board regarding appointments of corporate officers and senior management;
- (x) to review annually the committee’s mandate and terms of reference;
- (xi) to review and consider the engagement, at our expense, of professional and other advisors by any individual director when so requested by any such director;
- (xii) to establish, review and update periodically a code of business conduct and ethics and ensure that management has established a system to monitor compliance with the code; and
- (xiii) to review management’s monitoring of our compliance with the code of business conduct and ethics.

9. Assessments

Disclose whether or not the board, its committees and individual directors are regularly assessed with respect to their effectiveness and contribution. If assessments are regularly conducted, describe the process used for the assessments. If assessments are not regularly conducted, describe how the board satisfies itself that the board, its committees, and its individual directors are performing effectively.

As part of its mandate, our CNCGC is responsible for assessing, at least annually, the effectiveness of our Board as a whole, the committees of our Board and the contribution of individual directors (including the competencies and skills that each individual director is expected to bring to our Board), including considering the appropriate size of our Board. A key component of the process is a four-part questionnaire that each member of the Board completes on an annual basis. The first three (3) sections ask the directors to evaluate the Board and where appropriate its committees and committee chairs, with regards to Board responsibility, operations and effectiveness. The questionnaire provides quantitative rankings for key questions as well as seeks subjective content and suggestions for improvements in all areas. The fourth section asks the individual directors to provide peer and individual self-assessment. The data is compiled independently and reviewed by the Chair of our CNCGC and is presented in summary form to the Board for discussion and follow-up as required.

10. Director Term Limits and Other Mechanisms of Board Renewal

Disclose whether or not the issuer has adopted term limits for the directors on its board or other mechanisms of board renewal and, if so, include a description of those director term limits or other mechanisms of board

renewal. If the issuer has not adopted director term limits or other mechanisms of board renewal, disclose why it has not done so.

Our Board has not adopted term limits for the directors on our Board. Our Board does not believe that fixed term limits are in the best interest of our Company as our Board believes that it is critical that our directors understand our industries and our business and this requires a certain length of tenure on our Board. Long-term directors accumulate extensive company knowledge while new directors bring new experience and perspectives to our Board. It is important to achieve an appropriate balance of both to ensure the effectiveness of our Board. Our CNCGC considers both the term of service of individual directors, the average term of our Board as a whole and turnover of directors over the prior three (3) years when proposing a slate of nominees. Our CNCGC considers the benefits of regular renewal in the context of the needs of our Board at the time and the benefits of the institutional knowledge of our Board members. Our Board has adopted a Board Diversity and Term Policy in which the foregoing is set forth. A copy of our Board Diversity and Term Policy is available on our website at www.blackdiamondgroup.com.

11. Policies Regarding the Representation of Women on the Board

(a) Disclose whether the issuer has adopted a written policy relating to the identification and nomination of women directors. If the issuer has not adopted such a policy, disclose why it has not done so.

Board appointments have always been based on finding the best individual based on merit and the requirements of our Board at that time. Our Company does not differentiate by race, colour, ethnicity, religion, gender, sexual orientation or any other aspect and acknowledges that a diverse Board adds value to our Company. Our Board has adopted a Board Diversity and Term Policy founded on these principles. This policy provides that the CNCGC, which is responsible for recommending director nominees to the Board, will consider candidates on merit, based on a balance of skills, background, experience, knowledge and cultural fit with the Board.

Our Company has purposely constructed a Board with a broad range of experience and expertise specific to the energy industrial sector and other sectors that the directors believe are beneficial to the organisation and its shareholders. To ensure that our Company taps into a broad pool of the best qualified individuals, an external search firm may be retained to help identify outstanding candidates for future openings for new directors with the mandate that the pool must take diversity into account, in addition to the other attributes desired. The ultimate decision will be based on merit and the contribution that the chosen candidate will bring to our Board.

We are committed to improving the gender representation on the Board and are working diligently to implement measurable objectives to effect change. As an initial step when recruiting new directors, the Board has committed to search beyond the networks of existing Board members and will use outside help as necessary to ensure that on-going lists of potential candidates are composed equally of both genders.

(b) If an issuer has adopted a policy referred to in (a), disclose the following in respect of the policy:

- (i) a short summary of its objectives and key provisions,**
- (ii) the measures taken to ensure that the policy has been effectively implemented,**
- (iii) annual and cumulative progress by the issuer in achieving the objectives of the policy, and**
- (iv) whether and, if so, how the board or its nominating committee measures the effectiveness of the policy.**

Not applicable.

12. Consideration of the Representation of Women in the Director Identification and Selection Process

Disclose whether and, if so, how the board or nominating committee considers the level of representation of women on the board in identifying and nominating candidates for election or re-election to the board. If the

issuer does not consider the level of representation of women on the board in identifying and nominating candidates for election or re-election to the board, disclose the issuer's reasons for not doing so.

See the response to 11(a) above.

13. Consideration Given to the Representation of Women in Executive Officer Appointments

Disclose whether and, if so, how the issuer considers the level of representation of women in executive officer positions when making executive officer appointments. If the issuer does not consider the level of representation of women in executive officer positions when making executive officer appointments, disclose the issuer's reasons for not doing so.

See the response to 11(a) above which our Board believes equally applies to executive officer positions with our Company.

14. Issuer's Targets Regarding the Representation of Women on the Board and in Executive Officer Positions

(a) Disclose whether the issuer has adopted a target regarding women on the issuer's board. If the issuer has not adopted a target, disclose why it has not done so. For purposes of this Item, a "target" means a number or percentage, or a range of numbers or percentages, adopted by the issuer of women on the issuer's board or in executive officer positions of the issuer by a specific date.

See the response to 11(a) above.

(b) Disclose whether the issuer has adopted a target regarding women in executive officer positions of the issuer. If the issuer has not adopted a target, disclose why it has not done so.

(i) the target, and

(ii) the annual and cumulative progress of the issuer in achieving the target.

Not applicable.

15. Number of Women on the Board and in Executive Officer Positions

(a) Disclose the number and proportion (in percentage terms) of directors on the issuer's board who are women.

Currently, one (1) of the directors on our Board is a woman, representing approximately 12.5% of the directors on our Board.

(b) Disclose the number and proportion (in percentage terms) of executive officers of the issuer, including all major subsidiaries of the issuer, who are women.

Our Company does not currently have any executive officers who are women.

None of our directors, proposed nominees for election as directors, executive officers, employees or former executive officers, directors or employees of our Company or our subsidiaries, or any associate of any such director, proposed nominee for director,

executive officer or employee is, or has been at any time since the beginning of our most recently completed financial year, indebted to our Company or any of our subsidiaries in respect of any indebtedness that is still outstanding, nor, at any time since the beginning of our most recently completed financial year has any indebtedness of any such person been the subject of a guarantee, support agreement, letter of credit or other similar arrangement or understanding provided by our Company or any of our subsidiaries, other than routine indebtedness.
